

Miss LAU Ho Yee, Florence

Graduate of Pre-Associate Degree Programme (2009)

Now a student of Associate of Arts in Digital Visual Design, CCCU

I believe my decision to enroll in the Pre-Associate Degree Programme at CCCU was a wise one as the courses were practical and interesting and I truly enjoyed my study.

Our teachers were caring, supportive and enthusiastic in teaching. Through them, my self-confidence level was raised along with my study. The diversity of subjects I took also gave me an advantageous position in learning by broadening my options for future studies.
