

Li Kai Ying, Karen

Graduate of Pre-Associate Degree Programme in 2007

**Student of Associate of Social Science in Public Administration and Management,
Community College of City University**

The year I spent studying in CCCU's Pre-Associate Degree Program was unforgettable. There were joys as well as challenges. Even though sometimes we needed to spend days and nights on projects and assignments, we never felt tired or bored because we knew that the results would be fruitful. Through the diversified choices of subjects offered, I have learned the required knowledge and skills to prepare for my future study and career. I am glad that I have chosen CCCU's Pre-Associate Degree Program to start off my college life.
