

Wan Lok Lok, Ida

AAAJS has changed my life. Upon graduation, I was admitted to HKU BA year 2, and given Monbukagakusho Scholarship to exchange in the Waseda University. I have also got a job offer from the Bank of Tokyo-Mitsubishi UFJ last summer. Mastering a foreign language and apply it to daily life was totally unimaginable when I was still in high school. The AAAJS programme and every devoted teacher are my benefactors, giving me confidence, opportunities, and guiding me to locate my ability and role in the society.
