

Chan Sin (AABCS-JE 2006 cohort)

Language study is not easy, but I am glad that I have had the opportunity to study Japanese and English in BCSJE, since this programme not only provides me with a sound foundation in Japanese and English, but also offers us a chance to join a study tour to Japan. During the study tour, I could practise and improve both my Japanese and English. I do believe that this programme has amply equipped me for the future.
