

Law Hoi Ying, Natalie

Graduate of Associate of Social Science in Applied Social Studies in Year 2008

Year 2 Student of Bachelor of Arts (Honours) in Integrated Strategic Communication,  
City University of Hong Kong

I have learnt a lot from the two-year Associate Degree study at CCCU. My study at the Division of Social Studies has enabled me to figure out my interests and potential. In my second year, I chose “Public Relations” as my area of concentration, which proved to be an invaluable experience in my life. The courses have offered me many opportunities to learn how to plan publicity events and I also participated in the internship programme and worked at different organizations. The learning atmosphere and harmonious relations between teachers and classmates are so unforgettable in my life! I enjoyed this programme very much and it has also facilitated my development!
