Enrolling in the AABCSSE programme is one of the best decisions that I have ever made. The courses are very interesting and carefully designed and the lecturers are very helpful and knowledgeable. Apart from learning the Spanish language, we also had the chance to learn more about the culture through different activities such as celebrating the Spanish National Day, going to the film festivals, and attending gatherings held by the Spanish community in Hong Kong.

Last semester, for the bilingual project in Spanish and English, our group created an online dining guide for foreigners in Hong Kong (Tastin-hk.com) with the help of our lecturer, Miss Maria Jose Pareja Lopez, and the Spanish Chamber of Commerce in Hong Kong. We have applied a lot of knowledge that we acquired from the programme, such as Spanish and English writing skills, promotional skills, and business communication skills. Today, our site gets at least 500,000 clicks per month, which is far more successful than we expected.

Many of us were sponsored by our College (CCCU) to go to Spain for a month after completing our two years of studies last summer. The College arranged for us to learn more Spanish with people from all over the world in a Spanish language school in Salamanca, which is the famous academic city of Spain. I was partially sponsored by the College, and by the Spanish Awards for LS Students 2007/08, which is designed for the students of this programme, and donated by the Spanish Consulate in Hong Kong. I am so grateful and surprised to receive the award.
