Introduction

City University of Hong Kong (CityU) is one of the government-funded institutions providing quality higher education to local and overseas students at undergraduate and postgraduate levels. She also contributes to the advancement of knowledge and offers access to her human, physical and technological resources for the benefit of the society.

To carry out her mission, the University has employed a strong team of experienced academic and administrative staff with diversified research interest and professional expertise.

These staff come from different countries. To some of them, the University provides residential accommodations in its self-built staff quarters in Tak Chee Yuen (*located at 88 Tat Chee Avenue*), Nam Shan Yuen (*located at 23 Nam Shan Chuen Road*) and, Academic Exchange Building (*located at 81 Tat Chee Avenue*).

This handbook is prepared with the intention to provide residents of visitor quarters in Jockey Club Hall, Academic Exchange Building with the house rules so that they know what to observe and with the basic information so that they know where assistance could be obtained when needed.

The management of the University wishes all residents a happy stay in the quarters.

Academic Exchange Building

AEB is located on the eastern side of the Campus at 81, Tat Chee Avenue. It is a low-rise building of composite usages. It contains the following:

- a. Jockey Club House (total GFA : 1,956m²)
This is for exchange students. There are in total 84 rooms providing 92 bed-study places.
- b. Alice Cheng Hall (total GFA : 1,522m²)
This is for short-stay visitors. There are in total 8 flats with 3 en-suite bedrooms each.
- c. Jockey Club Hall (total GFA : 1,850m²)
This is for long-stay visitors. There are in total 14 flats with 2 bedrooms each.
- d. Senior and Essential Staff Quarters (total GFA : 2,189m²)
There are 8 senior staff quarters and 6 essential staff quarters on different sections of the building.
- e. The School of Continuing and Professional Education (SCOPE) (total GFA : 2,183m²)
The SCOPE is located on Lower Ground Floor of the AEB, which consists of office space, one lecture theatre and 4 seminar rooms.

The House Rules

1. Living Environment

- 1.1 In order to preserve a pleasant living environment to all, residents should be considerate and observe all statutory regulations. They should help keep the Estate clean and refrain from making excessive noise such as playing musical instrument, turning on visual and audio equipment loudly, playing mahjong or other noisy activities which may cause nuisance or annoyance to the neighbouring residents especially between 23:00 and 07:00 hours. Offenders are reminded that they may be liable for prosecution under the Laws of Hong Kong Special Administrative Region.
- 1.2 In order to maintain a tranquil environment at night, taxis are not allowed to enter into the Estate between 23:00 to 07:00 hours under normal circumstances.
- 1.3 Under the prevailing House Rules, residents are not allowed to keep pets in all University accommodations including the visitor quarters. Please report to the Management Services Counter should you find other residents keeping pets.

2. Refuse Disposal

- 2.1 Be considerate and do not throw or drop any rubbish, waste and other articles out of the windows or in common areas.
- 2.2 Do always keep the premises in good sanitary condition. All domestic refuse should be put in sealed bags and disposed of into the refuse chute, if any or place inside the hopper room properly. No combustible or flammable materials or large items should be dropped into the refuse chute or inside the hopper room. Normally, domestic refuse will be collected from the hopper rooms at about 07:30 hours daily.

- 2.3 Large unwanted items such as used furniture and electrical appliances should be properly disposed of and dumped into the main refuse chamber opposite to the Security House at the Estate entrance.
- 2.4 The University encourages separating waste for re-cycling purpose. Please refer to Clause 25 “Recycling Practice” for details.

3. Repair and Maintenance

- 3.1 Residents shall have a duty and responsibility to look after their premises. They are required to report any defects occurred within their premises to the Management Services Counter.
- 3.2 Any request for repair and maintenance work in quarters should be forwarded to the Management Services Counter. Residents are also encouraged to report to the Management Services Counter any damages at common areas.
- 3.3 To avoid blockage of soil pipes and drains, residents shall remind their family members and domestic helper not to throw any refuse, leftovers, rags, sanitary towels or other insoluble articles into the water closets. It is extremely inconsiderate to flush sanitary towels into water closets as these towels will block the soil pipes and drains causing great inconvenience and hygiene hazards. Residents will be held responsible for the repair and all associated cost.
- 3.4 The Management Services Counter reserves the right to enter the premises for inspection and repair of building parts upon serving advance notice to the residents.

4. Additions and Alterations

- 4.1 No addition and alteration works to the fixture, fittings, utilities or any parts inside the premises are allowed without written approval from the Management Services Counter.
- 4.2 Residents are responsible for making good and reinstating the premises to their original state upon vacating their premises.

5. Fire and Safety

- 5.1 Do not keep or store hazardous, flammable or unlawful goods in the premises.
- 5.2 In order to avoid fire accidents and to keep the Estate clean and tidy, placing shrines at door entrances and burning of joss sticks and any articles for worshipping in common areas are strictly prohibited.
- 5.3 Do not overload individual socket outlet at any one time as fire can be caused by overloading electrical wiring and fittings.
- 5.4 Passageways, staircases, lift lobbies etc. must not be obstructed at any time.
- 5.5 Residents should not jam open any fire doors or interfere with any fire services equipment and installation or impede their proper functioning.

6. Security

- 6.1 For security concern, opening hours of the main entrance gate are from 07:00 to 23:00 hours. Vehicles without valid parking permits issued by the University are not allowed to enter the Estate beyond the above time.

- 6.2 For security reasons and to prevent trespassing, visitors, contractors, workers will be checked and registered by the security guards while entering the Estate. The University reserve the right not to allow any personnel from entering into the Estate.
- 6.3 The Security House situated at the main entrance are 24-hours operated. The security guards are responsible for the security and regular patrol to the Estate under the supervision of the Management Services Counter.
- 6.4 The building is installed with a doorphone system for security purpose which comprises an Entrance Panel at the entrance to each block and a doorphone in each flat to enable the occupants to monitor visitors before granting them access to their building. Residents shall not disclose the entrance security codes to others.
- 6.5 An emergency button is provided on the doorphone and inside the master bedroom. When pressed, a signal will be activated at the Reception Counter of Jockey Club House.
- 6.6 Do regularly check and repair any defective facilities such as doors, windows, sanitary fittings, electrical installations etc. in order to ensure the safety and its normal function.
- 6.7 Do take all reasonable precautions to protect the interior of the premises against damage by storm, typhoon, heavy rainfall or the like and in particular to ensure that all doors, windows are securely fastened upon the threat or advance of such weather conditions.
- 6.8 Each flat is provided with window grilles. In the interest of safety, residents are advised to lock the window grilles at all times.
- 6.9 Residents shall report to the Management Services Counter when they spot any suspicious persons around their premises.

7. Carparking

- 7.1 Limited parking spaces are available. Residents can submit application to the Management Services Counter for a parking permit on a first-come first-served basis.
- 7.2 Valid parking permits issued by the University should be displayed at a prominent place on the vehicle front windscreen for easy identification.
- 7.3 Do observe the parking regulations posted at the carpark entrance and the traffic signs including road markings and directions given by the staff of Management Services Counter. Learner driving is strictly prohibited in the Estate.
- 7.4 Car owners will be held responsible for all loss and liabilities in respect of any damage to building facilities and / or injury to person caused by their vehicles.
- 7.5 Unauthorized parking is not allowed in the Estate. Vehicles parked unauthorisedly may be towed away or impounded by the Management Services Counter. The car owners are required to pay for the associated fee for the release of their vehicles.
- 7.6 Due to limited parking spaces for visitors, visitors are required to register at the main entrance before parking at designated parking spaces under the instruction of security guards. Overnight parking is not allowed. Residents should contact the Management Services Counter in advance with reason if overnight parking is required.

8. Car Cleaning

- 8.1 Facility for washing cars is located on G/F near the recycled bins. Residents should not wash their cars in other areas of the Estate.

- 8.2 Only vehicles with valid parking permits issued by the University are allowed to use the car washing facility on a first-come first-served basis. Visitors are not allowed to use the facility.

9. Common Areas

- 9.1 Be considerate and do not paint, write or paste posters on walls and floors in any common areas.
- 9.2 Do not do anything which may cause damage to building elements and common facilities. Residents will be held responsible for the repair costs of any wilful damage to any part of the building.
- 9.3 For the sake of safety and security, residents are not allowed to enter and use the roof areas for laundry and other activities.
- 9.4 In order to maintain a tidy appearance of the Estate, display or erection of such as radio or television aerials, awning, signs, flower boxes, etc. in any parts of the exterior of the building or common areas is strictly prohibited.
- 9.5 Do not place or store any goods such as bicycles, furniture etc. in lift lobbies, staircases, landings or any other common areas. Blocking fire escape routes is an offence to law.
- 9.6 Sleeping and airing of clothes in common areas are not permitted.

10. Anti-smoking Law

- 10.1 The Smoking (Public Health) (Amendment) Ordinance 2006 has been enacted on 19 October 2006. As a result and with effect from 1 January 2007, total smoking ban has been imposed on campus within the boundary of the University. Smoking or carrying a lighted cigarette, cigar or pipe could attract a fine of HK\$5,000.

10.2 Smoking or carrying a lighted cigarette, cigar or pipe in all common areas (both indoor and outdoor) such as lifts, lift lobbies, corridors, staircases, service roads, pavements, car parks, building roofs and landscape areas is prohibited.

11. Landscaped Gardens

11.1 The landscaped gardens inside the Estate are designed for the enjoyment of all residents.

11.2 Do keep the area clean and do not paint, write or paste posters on any trees in the Estate.

11.3 Do not pick or damage the plants and trees. Persons found damaging the plants and trees inside the Estate will be required to pay for their replacement.

12. Laundry

Do not hang or dry clothes, beddings and the like on the windows or alongside the exterior of the building, and other common areas.

13. Windows

13.1 Standard aluminium window grilles are provided in each flat. Residents are not allowed to change the pattern of window grilles.

13.2 The window frames are made of anodised aluminium. This surface does not require any further treatment or painting. Residents are advised to clean the windows and frames with mild detergents and not to use Brasso or other similar harsh cleaners as this will cause damage to the surface of the frames.

13.3 For safety concern, residents should make regular check and maintenance of the windows. Any defective window hinges and parts should be reported to the Management Services Counter for repair.

Useful Information

14. Management Services Counter

The Management Services Counter located on Ground Floor of Alice Cheng Hall is responsible for daily management of the Estate. The duty staff at the Management Services Counter will offer assistance and deal with enquiries from residents during normal office hours from 08:20 to 17:00 hours, Mondays to Fridays and 09:00 to 12:00 hours on Saturdays. Residents may approach the Reception Counter of Jockey Club House at 2784-4510 beyond office hours.

15. Handover of Flat

15.1 Moving in

New residents are required to complete moving-in formalities and collect door keys from the duty staff at the Management Services Counter. Brief introduction on the use of essential facilities of the premises will be conducted by the staff upon moving in. Residents are advised to keep good custody of door keys at all times.

15.2 Moving out

Residents shall make advance appointment with the staff of the Management Services Counter for moving-out formalities and return all door keys including the parking permit (if any). Inspection of the premises and recording of the utility readings will be done by the staff of the Management Services Counter. They are required to remove their own belongings and are responsible for any loss and damaged items of the University.

16. Long Vacation

For residents who are on long vacation and will not therefore be occupying their premises for a long period of time, they are requested to make suitable preparations where appropriate prior to their departure :

- 16.1 Valuable articles/belongings should be properly locked and if deemed appropriately insured. The University will not be responsible for any loss.
- 16.2 For premises that will not be occupied by domestic helpers, please inform the Management Services Counter of the name, address and contact telephone number of the person who is holding the main door keys during your absence from Hong Kong so that entry to the premises can be made possible in case of emergency.
- 16.3 Persons holding the keys are advised to make regular visits to the premises to :
 - report on any urgent need of repair; and
 - report to the Management Services Counter of any irregularities.

17. Utility and Payment

- 17.1 Each flat is equipped with basic utility services such as water, electricity and gas.
- 17.2 The account name of the utility meters (water, electricity and gas) is "City University of Hong Kong". Residents are not required to deal with the transfer of account name.
- 17.3 Each flat is equipped with telephone facility for free local calls. There is no IDD provision. Residents are advised to purchase telephone cards at their own costs for non-local calls.
- 17.4 Unless specified, the monthly rental includes the utility charges (water, electricity and gas).

17.5 Residents are required to settle any outstanding rentals before handover of the premises to the University.

18. Electricity Supply

18.1 The power supply of the flat is installed in accordance with the safety requirement of the China Light and Power (CLP) Hong Kong Ltd. The distribution board is fitted with a Residual Current Device (RCD) to provide protection against electric shock. This device will react to the use of any faulty electrical appliance by cutting off the supply.

18.2 If a circuit in the flat is tripped, it will be necessary to reset the device manually. The staff of the Management Services Counter will show the new residents how to reactivate the device upon their moving in. But before doing so, make sure that all appliances which are connected to the same circuit have been disconnected.

18.3 If the device continues to cut off the electricity supply, please contact the staff of Management Services Counter or the security guards at Security House for assistance.

19. Use of Broadband Service

19.1 Each flat is provided with free broadband service. For details, please refer to Residents Handbook for internet connection procedure.

19.2 Residents are required to observe all relevant laws of HKSAR when using the broadband service.

20. Use of Electrical Appliances

20.1 Standard 13A power socket outlets are provided in all rooms of each flat. Residents are advised not to overload individual socket outlet at any one time.

- 20.2 In the interest of safety, residents should ensure all electrical appliances are in good condition and replace any wires or plugs of their appliances which show signs of wear.
- 20.3 Under the statutory requirement, all electrical wiring, fixing and installation work must be done by licensed electricians.
- 20.4 Window type air-conditioners are installed in each flat. Residents are advised to clean the filters of air-conditioners and the exhaust fans at regular intervals to maintain its efficiency.

21. Use of Gas Appliances

- 21.1 Gas appliances including water heaters and cooker with oven are provided in the shower room and kitchen respectively.
- 21.2 In case of malfunction of the appliances, residents should contact the gas company immediately for checking and repair. For safe use of gas appliances, residents shall refer to instructions given on the heaters or cooker and are reminded to turn off the gas appliances after use or before leaving the premises.
- 21.3 When you suspect a gas leak, please keep calm and refer to the following advice :
- Do not tamper with the switch of any electrical appliances such as air-conditioners, lights, fans etc as this could cause an explosion.
 - Turn off the main supply immediately at the gas meter located in kitchen by closing the meter control valve.
 - Leave all windows and doors open.
 - Do not press the door bell of adjacent flats.
 - Call the gas company for checking.
 - Contact the staff of Management Services Counter for assistance.

22. Use of Fresh and Flush Water

- 22.1 The water from the taps should be boiled before drinking.
- 22.2 The flush water should only be used in the water closets.
- 22.3 If water leakage is found in the flat, residents should turn off the valves and arrange repair immediately. Please check that taps are turned off before leaving the premises.
- 22.4 The staff of Management Services Counter will show the main fresh and flush water valves inside the premises to the new residents during their moving in.

23. Pest Control

A pest control specialist has been appointed to carry out regular pest control work in all common areas. Residents are responsible for pest control of their premises at their own expenses.

24. Control of Mosquito Breeding

- 24.1 The Management Services Counter will carry out regular clearance of stagnant water and grass cutting in common areas in order to control mosquito breeding.
- 24.2 Residents are advised to change water for flowers and plants at least once a week and to remove stagnant water in containers like vases, flower pots and buckets to eliminate mosquitoes breeding.

25. Recycling Practice

The University always endeavours to promote environmental protection. Nowadays, waste recycling has become a common practice of the University community. Residents are encouraged to participate in this meaningful activity. To facilitate the recycling practice, there are various sets of recycle bins available in carpark areas for recycling of plastic bottles, aluminium cans and waste paper. Residents are also welcome raise their suggestions to the Management Services Counter on improving the recycling practice in the Estate.

26. Typhoon and Rainstorm

Typhoon season in Hong Kong is normally from June to October every year. Typhoon signals range from No. 1 to 10. When there is a typhoon or rainstorm warning signal, residents are required to take necessary precautions and make sure all windows are closed.
