New E-Resources

ScienceDirect

Over **600** additional Elsevier e-journals are recently added to the Library's collection, making the total number of e-journals in **ScienceDirect** approximately **1,870**. Subject coverage includes:

- Agricultural and Biological Sciences
- Biochemistry, Genetics and Molecular Biology
- Business, Management and Accounting
- Chemical Engineering
- Chemistry
- Computer Science
- Decision Sciences
- Earth and Planetary Sciences
- Economics, Econometrics and Finance
- Energy
- Engineering
- Environmental Science
- Health Sciences
- Immunology and Microbiology
- Materials Science
- Mathematics
- Neuroscience
- Nursing and Health Professions
- Pharmacology, Toxicology and Pharmaceutical Science
- Physics and Astronomy
- Psychology
- Social Sciences
- Veterinary Science and Veterinary Medicine

eTextbooks on VitalSource

About **80** eTextbooks from Wiley, McGraw-Hill and Gale Cengage Learning are being made available on **VitalSource** on a pilot basis. **VitalSource** is a widely-used platform for online textbooks and course materials. Subjects covered include:

- Business, Accounting, Economics and Finance
- Environmental Engineering
- Project Management
- Psychology
- Science and Engineering
- Social Sciences

Featured E-Resources

Oxford Reference

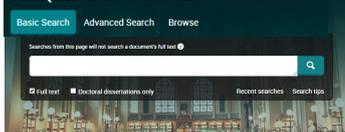

Offers access to reference works published by Oxford University Press. It is made up of two main collections, both fully integrated and cross-searchable, covering a wide range of subjects:

- **Oxford Quick Reference:**
 - A collection of over 140 subject-based, language, and quotations dictionaries providing carefully vetted, trusted short-entry content
 - Quickly check a fact, or find out key information about a concept, person, or term
- **Oxford Reference Library:**
 - Over 120 in-depth and specialist titles from Oxford's award-winning Encyclopedias and Companions
 - Research a term, concept, or person in-depth with articles and essays

ProQuest Dissertations & Theses A&I

ProQuest Dissertations & Theses A&I

This database is the world's most comprehensive collection of records of dissertations and theses from around the world, spanning from 1743 to the present day. Where available, the database provides free twenty-four page previews of dissertations and theses or links to full text in Digital Dissertation Consortium or other ProQuest databases.

SciFinder

A research discovery tool that provides access to comprehensive and authoritative source of references, patents, substances and reactions in chemistry and related sciences:

- **References** – get up-to-date chemistry and related science information found in journals, patents, dissertations and more. **SciFinder** brings you information from early discovery through clinical trials with the combined coverage of CAPUSSM and MEDLINE[®].
- **Substances** – access to substance information including chemical structures, chemical names, CAS Registry Numbers[®], properties, commercial availability and regulatory information
- **Reactions** – find current chemical reaction information from extensive databases including reaction schemes, experimental procedures, conditions, yields, solvents, catalysts, as well as commercial availability of substances with direct links to leading producer and supplier sites.

Media Resources

Online Videos

Engineering Case Studies Online

Provides in-depth analysis of key engineering failures, which is an essential part of many engineering curricula today. This database offers **250 hours** of video and **50,000** pages of text resources, enabling modern designers and scholars to learn what not to do and how to create designs with a greater chance of success. Materials in the collection include:

- Feature-length video documentaries of major failures.
 - Monographs explaining cases in detail and describing key engineering concepts and issues.
 - Simulations depicting precisely what went wrong.
 - Testimonies from participants, victims, and witnesses.
 - Images, accident reports, blueprints, and other key archival content whenever available.
 - Specially written cases that explore engineering ethics.
- and more...

Example cases include:
