

**Wiley Online Library Books**

**About Wiley Online Library Books**

The Library has subscribed to about 310 Wiley Online Library Books, mainly covering subjects such as sciences, technology and engineering. Some e-books on business, economics and finance are also offered.

**Access**

1. At the Library Home Page (<http://www.cityu.edu.hk/lib/>), under the **Books & more** tab, select **E-book collections**

2. Select **Wiley Online Library Books** from the alphabetical list.

**OR**

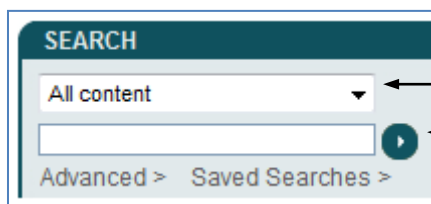

1 At the Library Home Page (<http://www.cityu.edu.hk/lib/>), select **E-Resources**

2. Click on **E-Books**

3. Select **Wiley Online Library Books** from the alphabetical list.

**Search**

1. Enter search term(s)  
 (Multiple words entered will be automatically combined with the AND operator)

2. Select to search by: All content or Publication titles.

3. Click to start Search

**Advanced Search**

Select **Advanced** Search from right hand side of screen.

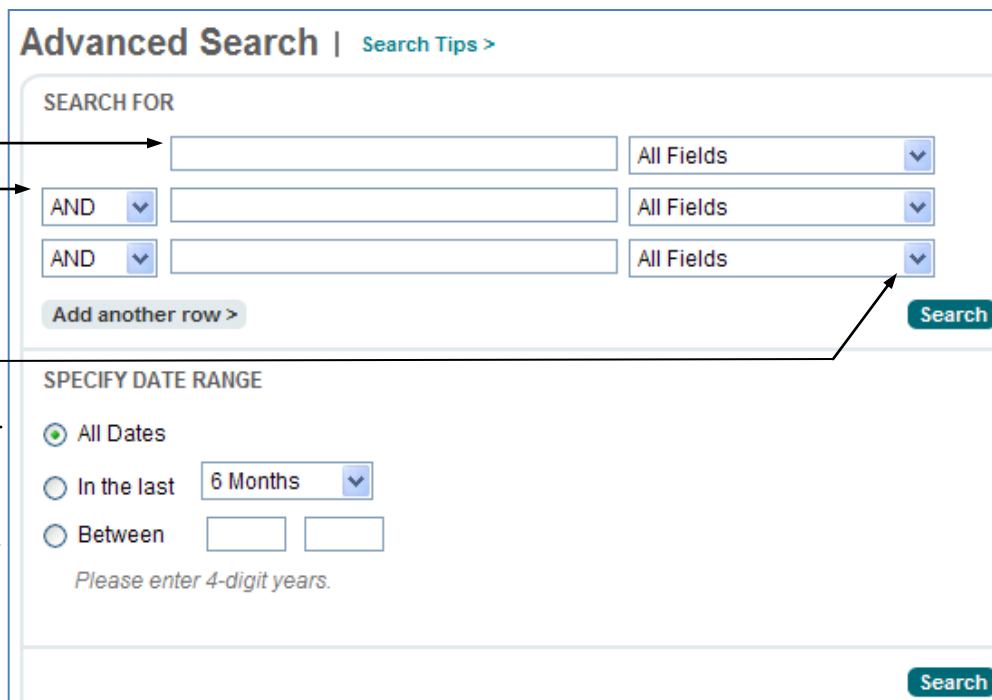

1. Enter search term(s)  
 (Multiple words entered will be automatically combined with the AND operator)

2. Select an operator to combine the search terms in different fields

3. Select the field to search

4. Specify a date range

5. Click **Search** to start.

**Search Tips**

- To search for a phrase, enclose the phrase in quotation marks, e.g. "human genome"
- Use the truncation symbol (\*) to find all words that contain a particular root word.  
 Examples: entering environment\* will find *environment, environmental, environmentally, etc.*  
 entering \*conductors will find *conductors, semiconductors, and superconductors.*

- **Boolean and Proximity Operators:**

<i>Operator</i>	<i>Example</i>	<i>Finds articles containing...</i>
AND	molecular <b>and</b> cloning	<i>molecular and cloning</i>
OR	web <b>or</b> internet	<i>web or internet, or both</i>
NOT	genetic <b>not</b> engineering	<i>genetic, but not engineering</i>

- Use parentheses to specify the order of execution of the Boolean/Proximity operations in your search statement.

e.g. brain and (serotonin or dopamine)

*Order of execution:*

1. (serotonin or dopamine) → [result set #1]
2. brain and [result set #1]

### Display Search Results

The screenshot shows a search results interface with the following annotated features:

- Export Citations:** A button labeled "Export Citation" is annotated with "Click to Export citations to reference management software e.g. RefWorks".
- Save Search:** A button labeled "Save search" is annotated with "Save search results to personal account\*".
- Checkboxes:** Small checkboxes next to search results are annotated with "Check boxes to mark items for later viewing / printing / emailing".
- Fulltext Availability:** A lock icon next to a result is annotated with "Indicates fulltext is available".
- Sorting:** A dropdown menu set to "Best Match" is annotated with "Select to Sort by: **Best Match** or **Date**".
- Filter List:** A sidebar menu with "Books (4512)" selected is annotated with "Click to limit search results to **Books** only".
- Edit Search:** A button labeled "Edit search" is annotated with "Click to make changes to your current search".

### Print Full-Text Articles

To print/download a PDF full-text article, click on relevant icon  on the Adobe Reader.

To print/download an HTML full-text article use the browser's **Print/Save As** function

### Personal Account

\*You can register for an account to use personalized features such as managing your saved articles/chapters, publications and searches; managing email alerts; editing your personal and login details.

To subscribe to these features, click on **Login** at the top of the Wiley Online Library homepage.
