Use our facilities to enhance your research and teaching

Study areas
Group study rooms with presentation equipment, and individual study carrels can be booked online. Quiet discussion and silent study areas are available throughout the Library.

Makerspace
Create! – MakerSpace is located in the Information Space. To help promote creativity and innovation, it has facilities for 3D scanning, 3D printing, laser cutting, projection mapping and physical computing. Make a booking.

Interactive learning spaces
Book the CAVE (virtual reality facility) located in the Library’s Discovery Corner, a space to learn and create with new and emerging technologies. Book the Mini-theatre to view educational DVDs, play audio recordings or exhibit work.

Printing, copying, and scanning
Printers, photocopiers, scanners, including 3D scanners are available. Notebook computers and mobile devices connected to the CityU networks from Wi-Fi hotspots can also print to the network laser printers.

IT support and facilities information
The IT Help Desk can assist with troubleshooting or help with printing, scanning, copying or connecting to the campus Wi-Fi. Find out how to book facilities, and more.

Important notices
Library notices such as reminders to return borrowed items or to pick up requests are sent to your CityU email address. If you prefer to use a non-CityU email address, make sure you set up email forwarding so you don’t miss out on important information.

Keep up-to-date
Subscribe to Library News e-mail alerts to keep you up-to-date about workshops, events, featured resources, and much more.

Discover more using our rich collection of resources

Start your search for information using CityU LibraryFind, a discovery tool to find the location of resources in physical and electronic format. It searches across journal articles, books, e-books, media items, reports, and much more in a single search with options to locate the full text of available resources.

Created by librarians, these online guides list important resources (databases, websites, online tools) for a topic or subject area.
  e.g. General
    ♦ Teaching Support from the Library - A Guide for Teaching Staff
    ♦ Finding Journal articles
  Research and Writing
    ♦ Open Access Publishing
    ♦ Measuring Research Impact
    ... and many more

We offer general information literacy classes.
  e.g. ♦ How to use reference management software
          ♦ How to cite sources of information and prevent plagiarism
          ... and many more

Contribute to the Library’s rich collection of resources by making recommendations for the purchase of Library material. You can make your request online.

  ♦ CityU Scholars. It is the University’s research hub designed to showcase your research output.
  ♦ Open Access publishing. Make your research findings freely available worldwide.
  ♦ Author identity management. Ensure your research is correctly attributed to you and not to another researcher.
  ♦ Research impact. Learn about tools to find publication and citation data.

Our services are designed to support your information needs

Convenient access to online resources from off campus
You can access online resources such as e-books, e-journals, articles, dissertations, videos, and much more from off campus using your CityU EID and AD/LAN password, the same as those for university PCs.

Sign in to get access to more features
When you sign in to CityU LibraryFind you can:
  ♦ View full search results (Some databases show results only when you’ve signed in)
  ♦ Save your search query and search results for future viewing
  ♦ View request options and place item requests

My Library Account: An easy way to stay organised
Sign in to My Library Account to keep track of your requests, to view and renew loans, and to view any fines.

You can ask the Library to put materials in high demand on course reserve (short term loan).
