Please refer to the Admissions Office's website for more information on the curriculum structure: <http://www.admo.cityu.edu.hk/jupas/curr/bd/>.

## **English Language Requirement**

Normative 4-year degree students and Advanced Standing I students who passed the 6 credit units of specified GE English courses, and Advanced Standing II students who passed the 3 credit units of discipline-specific GE English course are recognized as fulfilling the University's English Language Requirement.

*Students scoring below Level 4 in HKDSE English Language or Grade D in HKALE AS-level Use of English or students who do not possess an equivalent qualification are required to complete two 3-credit unit courses, LC0200A English for Academic Purposes 1 and LC0200B English for Academic Purposes 2, prior to taking the GE English courses. Students who demonstrate that they have achieved a grade B or above in their overall course results for LC0200A will achieve 3 credits and also be considered to have satisfied the pre-requisite for entry to the GE English courses without needing to take LC0200B. The credits earned from taking LC0200A (3 credits) and LC0200B (3 credits) will not be counted towards the minimum credit units required for graduation and will not be included in the calculation of the cumulative grade point average (CGPA). However, they will be counted towards the maximum credit units permitted.*

## **Chinese Language Requirement**

Students scoring below Level 4 in HKDSE Chinese Language, or below Grade D in HKALE AS-level Chinese Language and Culture will be required to complete a 3-credit unit course CHIN1001 University Chinese I. The 3 credit units will not be counted towards the minimum credit units required for graduation and will not be included in the calculation of the cumulative grade point average (CGPA). However, they will be counted towards the maximum credit units permitted.

*In addition to the above requirement, Colleges/Schools also have the discretion to specify other Chinese language courses for their students, including students who do not possess the above qualifications (Senate/70/MM27-28 refers). Please indicate if there are such requirements.*

## 2. MAJOR ALLOCATION AND OPTIONS

## 4. ACADEMIC REGULATIONS AND GUIDELINES

Students should observe the University's Academic Regulations for 4-year Undergraduate Degrees at all times. Some glossaries and key points are extracted below for students' reference. For the full version and most updated information, please refer to the website of Academic Regulations and Records Office (ARRO) (<http://www6.cityu.edu.hk/arro/content.asp?cid=229>).

### 4.1 Glossary

<b>Academic Year/Semester/Term</b>	The academic year is a period of twelve months starting normally in September of each year. The academic year is divided into two Semesters and a Summer Term.
<b>Credit Unit</b>	Each course is assigned a number of credit units. A credit unit is earned by approximately forty to fifty hours of student work.
<b>Degree</b>	The University's undergraduate curricula are organised into degrees. The bachelor's degree is normally granted upon completion of a programme of study, which typically includes a major, Gateway Education requirement, college/school requirements, University Language Requirements, free electives and/or minor.
<b>Grade Point Average (GPA)</b>	<p>The GPA is obtained by adding all the quality points (i.e., grade points multiplied by the number of credit units) for all courses taken during the student's undergraduate studies at the University, and then dividing the result by the total number of credit units taken. All course grades, unless excluded as approved by Senate, are included in the calculation. The GPA calculation shall not be rounded. Any digits after the second digit to the right of a decimal point shall be truncated.</p> <p>When calculating the GPA for all courses taken at the time of calculation, it is known as the Cumulative GPA (CGPA). When calculating the GPA for a given semester/term, it is known as the Semester GPA (SGPA).</p>
<b>Major</b>	A major field of study is the core competence area, comprising a structured group of courses which aims to create a broad and deep intellectual experience in an academic discipline. Each major shall be overseen by a Major Leader.
<b>Minor</b>	A minor consists of a structured group of courses that focuses on a particular academic discipline, allowing students to develop some depth of understanding in a subject area or topic of professional interest. Each minor shall be overseen by a Minor Leader.

## 4.2 Extract of Academic Regulations for 4-year Undergraduate Degrees

### 1. Language of Instruction and Assessment

Unless otherwise determined by Senate for a specific course, the medium of instruction and assessment at the University is English.

### 4. Degree Requirements

4.1 The minimum graduation requirement for a normative 4-year bachelor's degree is 120 credit units, subject to the requirements of individual colleges/schools. Students may take additional courses exceeding the minimum graduation requirement, but the maximum number of credit units completed should not exceed 144. For a bachelor's degree with a normal study duration longer than 4 years, the minimum credit units for graduation and the maximum credit units for the degree shall be approved by the Senate based on individual programme needs.

4.2 Except for those students who are pursuing a double major/double degree or those who have been granted special permission to exceed the maximum number of credit unit limit, students who cannot complete all the degree requirements for graduation within the maximum number of credit units permitted will be required to discontinue their studies.

4.3 Of the required graduation units, all students must complete a major and satisfy the Gateway Education requirement, University Language Requirements, college/school requirements, and any other requirements stipulated by the cognizant academic unit, with the balance to be fulfilled by minor(s) or free electives.

4.4 Double counting of courses is permissible between the home major and college/school requirements, as well as between the minor and college/school requirements. However, the credit units would count only once toward the total credits attained by the student, regardless of the number of requirements the course serves to fulfil.

#### 4.5 College/School Requirement

Individual colleges/schools may specify additional requirements for the degrees offered.

#### 4.6 Major

4.6.1 Students must pursue an area of knowledge in depth through completion of the requirements for a major. The major requirement, plus any college/school requirement, should fall within the range of 54 – 72 credit units; and the major should not be less than 27 credit units. However, the college/school may propose a higher limit to meet the requirements of professional accreditation, or for a degree with a normal study duration longer than 4 years, subject to Senate's approval.

4.6.2 A major may be sub-divided into streams to designate the specialties of the subject discipline. Students may select one or more streams in the major as provided in the curriculum, subject to fulfilment of any stipulated conditions.

#### 4.7 Gateway Education Requirement

4.7.1 To fulfil their degree requirements, students must complete a minimum of 30 credit units of courses as specified by the University in fulfilment of the Gateway Education requirement.

4.7.2 Gateway Education courses cannot be prescribed as prerequisites for enrolling in any major or minor.

4.7.3 Double counting of courses is permissible between the College/School-specified courses under the Gateway Education requirement and the requirement of (i) minor, or (ii) second major, or (iii) double degree. However, the credit units would count only once toward the total credits attained by the student, regardless of the number of requirements the course serves to fulfil.

#### 4.8 Minor

4.8.1 Students with a home major may choose to declare a minor, which is optional, in accordance with the procedures announced by the University. A minor requires 15 to 18 credit units. Credits earned to fulfil the minor requirement cannot be used toward meeting the requirement for a major and/or other minor(s) taken by the student.

4.8.2 Declaration of minors should be made before the submission of the application for graduation, and all requirements for the minor(s) should be met by the time of graduation.

4.8.3 Students who cannot complete their declared minor(s) but have fulfilled their degree requirements can still graduate. The completed courses from the unfulfilled minor may be counted toward the degree as free electives as appropriate.

#### 4.9 University Language Requirements

Students are required to fulfil the English language requirement and Chinese language requirement, as appropriate, in accordance with the requirements stipulated by the University.

#### 4.10 Free Electives

After fulfilling the credit unit requirements for the major, Gateway Education requirement, college/school requirements, University Language Requirements, and minor (optional), students may choose free electives to fulfil their degree requirements, and must do so if their cumulative credit load is below the minimum graduation requirement for the respective degree.

## **5. Double Major and Double Degree**

### **5.1 Double Major**

- 5.1.1 Students with a home major may declare a second major within their second and third years of study in accordance with the procedures announced by the University. Such requests require approval from the Heads of the academic units offering the two majors, and are subject to the fulfilment of stipulated conditions, including the attainment of a minimum CGPA of 3.00 at the end of the semester when the declaration is submitted.
- 5.1.2 Students are required to fulfil the degree requirements associated with the home major and the major requirement for the second major. Some overlap in the courses required for the two majors is allowed provided that at least 27 credit units in new courses are completed for the second major.
- 5.1.3 Students who cannot complete their second major but have fulfilled the degree requirements for the home major may still apply for graduation. The completed courses from the unfulfilled second major may be counted toward the degree as free electives or used for fulfilling requirements for a minor as appropriate.
- 5.1.4 Students who cannot complete their second major within the stipulated maximum credit limit may still continue to pursue the double major. Any further course registration exceeding the maximum credit unit limit must be self-financed.

### **5.2 Double Degree**

- 5.2.1 Students may enrol in a double degree programme at entry to the University, or declare a double degree selected from among the specified double degree options in accordance with the procedures announced by the University. For the latter, students should attain a minimum CGPA of 3.30 at the end of the semester when the declaration is submitted and fulfil any other stipulated conditions. The declaration requires approval of the Heads of the academic units offering the two degrees.
- 5.2.2 A second degree will normally require one more year of study on a self-financing basis.
- 5.2.3 Attainment of a double degree requires a minimum of 150 credit units. Some overlap in the courses required for the two degrees is allowed provided that at least 30 credit units in new courses are completed for the second degree.

5.2.4 Students who cannot complete a double degree but have fulfilled the requirements for a single degree may still apply for graduation. The completed courses from the unfulfilled degree may be counted toward the completed degree as free electives or used for fulfilling requirements for a second major or a minor as appropriate.

## **7. Course Registration**

7.1 Students registering for courses must follow the instructions issued by the University. Students may also need to fulfil certain conditions stipulated by the University before they can proceed to register for courses.

7.2 Registration for some courses is restricted to students holding the necessary prerequisites.

7.3 The University reserves the right to restrict registration in courses, or permit registration only on a priority basis.

7.4 Students can add or drop a course during the add/drop period prescribed by the University. After the add/drop deadline, requests for late drop of courses will only be approved under exceptional circumstances, and such late requests must be submitted no later than the end of the teaching period for the relevant semester/term for approval by the Head of the course-offering academic unit.

7.5 For approved late drop cases, students will be assigned an X grade representing the late drop of the course and the X grade will be shown on the students' academic transcript.

7.6 Students intending not to register in any courses in a semester but who will subsequently continue their study should apply for a leave of absence no later than the end of the course add/drop period.

7.7 Students will be restricted from registration in a course when they have earned credit units for an exclusive course.

7.8 Under exceptional circumstances where a required course cannot be completed, a "substitute" course may be approved by the Dean of the major/minor-offering academic unit for a student replacing the required course with another. The approved substitute course can be used to recover a failure for the required course.

7.9 Credit units earned for courses at a level below the bachelor's degree level are not normally counted toward requirements for an award.

7.10 Students who have applied for graduation and fulfilled the degree requirements in the specified graduation semester/term; or completed the maximum credit units allowed; or reached their maximum period of study, cannot register for further courses in subsequent semesters/terms.

## **10. Maximum and Minimum Study Load**

- 10.1 In each semester, full-time students must register for courses summing to a total of at least 12 credit units, and for not more than 18 credit units; and part-time students must register for courses summing to a total of no more than 11 credit units.
- 10.2 In the Summer Term, students may register for courses but the total load must not exceed seven credit units.
- 10.3 Except where special arrangements are made, students seeking an exception from the credit load limit stated in AR10.1 or AR10.2 should apply in writing for approval by the Head of the home academic unit.

## **11. Duration of Study**

- 11.1 Students may take a leave of absence from their studies for an approved period. Periods of approved leave of absence may not be less than one full semester, and may not accumulate to more than four semesters. Applications for leave of absence should be submitted for approval by the Head of the home academic unit. Under exceptional circumstances where a student needs to take a leave of absence accumulating to more than four semesters, such a request should be approved by the Dean.
- 11.2 Students shall, irrespective of their mode of study, complete all the degree requirements within the stipulated maximum period of study (i.e., eight years for normative 4-year degree, six years for Advanced Standing I, and five years for Advanced Standing II), inclusive of any change of majors, periods of leave of absence and suspension of studies. The maximum period of study for individual double degrees and for degrees with a normal study duration longer than 4 years shall be stipulated by the cognizant academic units.
- 11.3 Students who cannot complete all the degree requirements for graduation within the maximum study period will be required to discontinue their studies. Requests for extension of study beyond the maximum study period will not be granted.

## **12. Withdrawal of Study**

Students who wish to withdraw from studies should submit a withdrawal notification to the University. Withdrawal will normally take effect from the date of submission of the notification. However, notification submitted during or after the examination period will take effect only from the following semester/term.

## **13. Termination of Study**

- 13.1 The University has the right to terminate a student's study for failure to maintain satisfactory academic progress, as determined by the Examination Board, or to comply with the policies and procedures of the University.

- 13.2 The Examination Board may terminate the study of a student under the following circumstances:
- (i) The student's SGPA is below 1.70 for any three enrolled semesters; or
  - (ii) The student's academic progress is unsatisfactory and is unable to meet the conditions stipulated by the home academic unit after being put on Academic Probation for one semester.
- 13.3 Irrespective of AR13.2, the Examination Board may prescribe any other criteria for terminating a student's study.
- 13.4 Notwithstanding AR13.2 and AR13.3 above, students' studies will be terminated if they fail to pass a required course, or its equivalent/substitute course, after three attempts.
- 13.5 For termination of studies due to academic reasons, students may apply for readmission to the University, with admission to any degree study occurring no earlier than one academic year after the termination. Upon readmission after termination of study, students may be given one additional opportunity to pass each required course they have failed in their three previous attempts.

#### **14. Assessment**

- 14.1 The award of any degree qualification shall be based on a student's performance in such examinations or other tests of learning or ability which have been approved by the University for the courses constituting the degree and award concerned.

## 14.2 Grading of Courses

14.2.1 Courses are graded according to the following schedule:

<b>Grade</b>	<b>Grade Point</b>	<b>Grade Definitions</b>	
A+	4.3	Excellent	The qualifiers, such as “Excellent”, “Good”, “Fair” etc., define student performance with respect to the achievement of course intended learning outcomes (CILOs).
A	4.0		
A-	3.7		
B+	3.3	Good	
B	3.0		
B-	2.7		
C+	2.3	Fair	
C	2.0		
C-	1.7		
D	1.0	Marginal	
F	0.0	Failure	
P (Pass-fail course only)		Pass	

[Note: A grade with an asterisk (e.g., B+\*) is excluded from the calculation of GPA. The credits earned will not be counted toward the minimum credit requirement for graduation but will be counted toward the maximum number of credit units permitted.]

14.2.2 Unless otherwise specified, the minimum grade to progress without repeating the course is D. Failure to achieve the minimum grade is regarded as failing the course.

14.2.3 The following grades are used for operational purposes:

<b>Grade</b>	<b>Grade Descriptions</b>	
IP	In Progress	An IP grade is shown where students will register for the same course in the subsequent semester/term to complete the assessment of the course.
I	Incomplete	A grade of incomplete may be granted (i) where there are extenuating circumstances that have prevented a student from completing required work, or attending the examination; (ii) at the discretion of the Assessment Panel. Where an “I” grade is assigned, the Assessment Panel may approve a schedule for the completion of work, or a supplementary examination. An alternative grade should be assigned no later than four weeks after the “I” grade is first reported or as soon as practicable thereafter.
TR	Credit Transfer	Assigned when a student is granted transfer credits for the course.
Z	Exemption	Assigned when a student is exempted from the course.
AU	Audit	An audited grade is assigned when an auditing student has completed the conditions established at registration as an auditor. No assessment is made or grade awarded for auditing.
X	Late Drop	Assigned when a student is permitted to drop the course after the add/drop deadline.
WD	Withdrawn	Assigned when a student has registered for the course in a semester/term and subsequently submitted a notification of withdrawal from the University.

14.2.4 Students assigned a grade of D or better, or a Pass grade in a pass-fail course, earn credit units for the course. Grades of F, IP, I, Z, AU, X and WD do not earn credit units.

14.2.5 Grades of P, IP, I, TR, Z, AU, X and WD are not counted in the calculation of a student’s CGPA. Grades of F are counted, unless the fail is recovered under AR14.4.

14.2.6 Grades of P, IP, I, TR, Z, AU, X and WD are not counted in the calculation of a student’s SGPA.

14.3 Students' Academic Standing

14.3.1 Academic standing provides an indicator of students in academic difficulty needing academic advising and extra help. The three levels of academic standing are defined as follows:

<b>Standing</b>	<b>Definitions</b>
Academic Warning	Students' academic performance has been unsatisfactory, or their overall academic average is below minimum requirements. Students on warning should seek advice from their academic advisor.
Academic Probation	Students' academic performance has been extremely unsatisfactory, or their overall academic average has continued to be below the minimum requirements for graduation. Students on Academic Probation may be required to take a reduced study load and/or to fulfil specific conditions such as GPA attainments in the following semester.
Academic Suspension	Students who cannot benefit from course registration in the next semester/term may be suspended for an approved period of not less than one semester. Academic Suspension is designed to provide students with an opportunity to resolve the problems that are preventing them from making academic progress.

14.3.2 The following standing is used for operational purposes:

Review	A temporary status indicating that a student's performance is unsatisfactory and has been referred to the student's home academic unit for determining if a decision on academic standing needs to be made.
--------	---

- 14.3.3 The decision of an academic standing will be determined at the end of a semester for students who are in academic difficulty and have taken courses to a total of more than three credit units on the basis of their last academic standing (if any) and the GPAs attained at the time when the decision is made. Detailed rules are as follows:

<b>Last Academic Standing</b>	<b>SGPA</b>		<b>CGPA</b>	<b>Academic/Operational Standing</b>
Nil	1.00 to 1.99	and	1.00 to 4.30	Academic warning
	0 to 0.99	or	0 to 0.99	Review
Academic warning	2.00 to 4.30	and	0 to 1.99	Academic warning
	0 to 1.99	and	Any	Review
Academic probation/ Academic suspension	0 to 1.99	or	0 to 1.99	Review

- 14.3.4 In making decisions on students' academic standing, the Examination Board has the right, upon the recommendation of the students' home academic unit, to make exceptions from the above rules.

- 14.3.5 If so required by the Examination Board, an academic standing decision may also be specially determined for a particular student at the end of the Summer Term.

#### 14.4 Repeating Courses to Improve Grades

Unless otherwise specified, students may repeat a course, or an equivalent course, to recover a failure or to improve a course grade of D, subject to the concerned academic unit's course offering schedule and availability. Only two repeat attempts may be permitted. Course grades for all attempts will appear on the student's academic transcript, but only the final grade earned will be included in the calculation of the student's CGPA.

#### 14.5 Illness or Other Circumstances Related to Assessment

- 14.5.1 A student who reasonably believes that his/her ability to attend an examination, or in-course assessment with a weighting of 20% or above, has been adversely affected by circumstances beyond his/her control must submit the case, with documentary evidence, to his/her home academic unit following the procedures stated on the University website, as soon as possible but no later than 5 working days of the scheduled date for completing the affected examination or assessment.

14.5.2 The home academic unit of the student will investigate the case, in consultation with the course-offering academic unit. Only compelling reasons such as illness, hospitalization, accident, family bereavement or other unforeseeable serious personal or emotional circumstances will be considered. The decision of the home academic unit is final and will be conveyed to the student in writing as soon as possible but no later than 10 working days following receipt of the case.

14.5.3 If the case is justified and substantiated, the decision will be conveyed to the Assessment Panel which will determine whether to offer the student a make up examination or coursework or other alternative assessment. Where assessments for more than one course are affected, it is the responsibility of the home academic unit to inform all relevant Assessment Panels. The Assessment Panel may also adjust the grade of the student if deemed appropriate. The course-offering academic unit will convey the Assessment Panel's decision on the make-up arrangements to the student in writing as soon as possible.

#### 14.6 Dean's List

At the end of Semester A and Semester B, or for part-time students on the completion of the second of these two semesters, students' GPAs are calculated. Where a student over that period has (i) earned 12 credit units or more from courses taken at the University, (ii) achieved a GPA of 3.70 or above, (iii) not failed any course, and (iv) subject to the Dean's endorsement, the student is placed on the Dean's List.

### **16. Application for Graduation and Requirements for Awards**

16.1 Each academic year has three graduation dates as set by Senate. Students should file an application for graduation during their intended graduation semester/term in accordance with the procedures announced by the University.

16.2 Students who have applied for graduation but do not successfully complete all their academic requirements by the end of the intended graduation semester/term must reapply for graduation.

16.3 In order to be awarded a degree, a student shall:

- (i) complete the minimum credit unit requirements for the degree;
- (ii) achieve a CGPA of 2.00<sup>2</sup> or above; and
- (iii) fulfil other requirements stipulated in the University's regulations and procedures.

16.4 Students who have declared a second major shall fulfil the second major requirements, and achieve a minimum CGPA of 2.00<sup>2</sup> in the second major in order for them to be granted the award.

*2 The minimum CGPA requirement mentioned in AR16.3 and AR16.4 only applies to students admitted in 2020/21 and thereafter. For students admitted in 2019/20 and before, the minimum CGPA requirement is 1.70.*

## **17. Conferment and Classification of Awards**

17.1 The degree awarded to students will be determined by the student's home major. The award title to be shown on the student's award certificate will be the degree and the home major. If a student has completed a double major, one award certificate will be issued and the second major will also be shown on the award certificate. For students who have completed a double degree, the two degree designations will appear on one award certificate.

17.2 University awards are classified by the relevant College/School Examination Board, which makes a recommendation to Senate for the conferment of awards.

**17.3 For Students on Programmes of a Normal Study Duration of 4 Years or More (Admitted from 2020/21), Advanced Standing I Students (Admitted from 2021/22) and Advanced Standing II Students (Admitted from 2022/23)**

**17.3.1 Degrees with Distinction are awarded based on the CGPA ranking for students in the respective departments/schools graduating in the same semester/term. Students who have fulfilled the stipulated graduation requirements and rank in the top 2% will receive a degree with summa cum laude (Highest Distinction). Those who rank in the top 7% but not in the top 2% will receive a degree with magna cum laude (High Distinction). Those who rank in the top 15% but not in the top 7% will receive a degree with cum laude (Distinction).**

17.3.2 The Examination Board has the right, upon the recommendation of the respective academic unit, to make exceptions from AR17.3.1.

17.3.3 The above award rankings also apply in determining the classification of awards for a double degree, and the classifications to be awarded should be endorsed by both the College/School Examination Boards concerned.

17.4 For All Students Admitted in 2019/20 and Before, Advanced Standing I Students (Admitted in 2020/21) and Advanced Standing II Students (Admitted in 2020/21 and 2021/22)

17.4.1 The University grants bachelor's degree awards with the following classifications:

- (i) First Class Honours
- (ii) Upper Second Class Honours
- (iii) Lower Second Class Honours
- (iv) Third Class Honours
- (v) Pass

17.4.2 The various classifications are based on the CGPAs. The general guidelines are as follows:

<u>Classification of Award</u>	<u>CGPA</u>
First Class Honours	3.50 or above
Upper Second Class Honours	3.00 – 3.49
Lower Second Class Honours	2.50 – 2.99
Third Class Honours	2.00 – 2.49
Pass	1.70 – 1.99

17.4.3 In all cases of classification of awards, the CGPAs cited above are indicative. The Examination Board has the right, upon the recommendation of the respective academic unit, to make exceptions in the application of the indicative GPAs.

17.4.4 College/School Examination Boards classify awards with regard to, but not necessarily in strict conformity with, a student's CGPA.

17.4.5 The above guidelines also apply in determining the classification of awards for a double degree, and the classifications to be awarded should be endorsed by both the College/School Examination Boards concerned.

### 4.3. Other Regulations

Besides the Academic Regulations, students should also familiarize themselves with the following regulations and guidelines which are published on the website of ARRO:

- Code of Student Conduct and Disciplinary Procedure
- Regulations on Tuition Fees
- Rules Governing Enrolment of Local and Non-local Students
- Rules on Academic Honesty
- Rules on Student Identity Card
- University Assessment Policy and Principles for Taught Programmes

## 5. ACADEMIC HONESTY

Academic honesty is central to the conduct of academic work. Students are expected to present their own work, give proper acknowledgement of other's work, and honestly report findings obtained. As part of the University's efforts to educate Students about academic honesty, all Students are required to complete the Online Tutorial and Quiz on Academic Honesty, and make a Declaration on their understanding of academic honesty.

Academic dishonesty is regarded as a serious academic offence in the University. Any related offence may lead to disciplinary action with a penalty including without limitation, expulsion from the University, debarment from re-admission, deprivation of an academic award already conferred or revocation of a certification granted.

Academic dishonesty includes but is not restricted to the following behaviors:

- Plagiarism, e.g., the failure to properly acknowledge the use of another person's work or submission for assessment material that is not the Student's own work;
- Misrepresentation of a piece of group work as the Student's own individual work;
- Collusion, i.e., allowing another person to gain advantage by copying one's work;
- Unauthorized access to an examination/test paper;
- Possession/use of unauthorized material in assessment;
- Unauthorized communication during assessment;
- Use of fabricated data claimed to be obtained by experimental work, or data copied or obtained by unfair means;
- Impersonating another Student at a test or an examination or allowing oneself to be impersonated
- Use of fraudulent documents and/or information to gain advantage for any academic work, e.g. submission of a fraudulent medical certificate to request for a make-up examination

For details, students should refer to the "Rules on Academic Honesty" available online ([http://www.cityu.edu.hk/provost/academic\\_honesty/rules\\_on\\_academic\\_honesty.htm](http://www.cityu.edu.hk/provost/academic_honesty/rules_on_academic_honesty.htm)).

## **6. ACADEMIC ADVISING**

The College adopts a department-based admission model in general, and all first-year students in a department will take a common first-year curriculum. To ease their transition to a new environment, and to provide academic advice for students on their choices of major, academic advising plays a vital role in enhancing students' overall learning experience at CityU.

Students are expected to have at least two meetings per semester with their respective academic advisors, one for course selection and another for review of university life. Other than the meetings, students should keep in contact with their respective academic advisors regularly (e.g. via emails or other means). Effective student advising requires an active participation of student advisees in the process.

Responsibilities of student advisees:

- understanding the academic regulations and common first-year curriculum, as well as the requirements of their chosen major;
- obtaining information actively, and consulting academic advisors on a regular basis and as needed; and
- taking the final responsibility for making decisions and choices regarding their academic study based on the information and advice given.

## **7. COMMON FIRST YEAR COMMITTEE**

Chairman:	Prof. YANG, Yong
Members:	Dr. WONG, Pat Lam Patrick
	Dr. WANG, Jianke Steven
	Program Committee Representatives (one from each major)
	Student Representatives
