

“Estimation of Financed Emissions in Hong Kong and Policy Recommendations Final Report” Public Dissemination Seminar [Hybrid mode]

11-Apr |
15:30 – 17:00

G7603, Yeung Kin Man
Academic Building,
CityU

Abstract

Leveraging on the established formulas of the Global GHG Accounting Standard for the Financial Industry from the Partnership for Carbon Accounting Financials (PCAF), we have estimated Hong Kong's financed emissions with four policy recommendations. Advancing the estimation and reporting of financed emissions will significantly contribute to Hong Kong's transition towards carbon neutrality and success as a leading international financial center and regional green finance hub.

Agenda

- Presentation of major findings by project leaders
- Q & A Session

Registration Link
