Access to Personal Class Schedule

Electronic ID (EID)

To facilitate your access to all the IT facilities and services of the University, a single unified electronic ID (EID) has been assigned to you during your study at CityU.

Once you have set up a password for your EID, you can login to your e-mail account, e-Portal and other network facilities of the University immediately. For system security, you are advised to change your password from time to time.

e-Portal

The e-Portal provides students with a personalised Web interface to the University's communications and electronic resources. You can login to the e-Portal via the CityU homepage (http://www.cityu.edu.hk).
