We are hiring a UX/UI Designer Intern for our Design Team. This 6-month, full-time intern position is ideal for aspiring designers to hone their UI (User Interface) abilities and contribute meaningfully to impactful digital projects. The UX/UI Designer Intern will work closely with the lead designer, the Product team, and the Tech team to create engaging and visually appealing interfaces based on user requirement. For the right candidate, this internship may lead to a permanent role within the team.

Responsibilities

- Craft wireframes and high-fidelity designs using Figma.
- Construct interactive prototypes to help with usability testing.
- Support in maintaining the design system, and gaining exposure to component libraries, style guides, and other essential tools.
- Understand the importance of consistency in design and learn to ensure designs align with established guidelines.
- Dive into user research, usability tests, and more.
- Support the analysis of user feedback, understanding the data-driven design decision process.

Requirements

- Bachelor's degree (UX/UI Design, Graphic Design, or a related field)
- Must have completed courses on UX/UI design
- Working knowledge of design tools including Figma
- Working knowledge of design tools in the Adobe Creative Suite
- Foundation in design principles with interest to expand this knowledge
- Good communication skills combined with creativity
- A keen eye for captivating designs
- Proficient in English
- Team player with an open mind for feedback
