HONG KONG SCIENCE & TECHNOLOGY PARKS CORPORATION

Hong Kong Science & Technology Parks Corporation (HKSTPC) is a statutory body dedicated to advancing innovation and technology growth in Hong Kong through the provision of state-of-the-art infrastructure and services. Since its establishment in 2001, HKSTPC has been focusing its efforts in establishing Hong Kong as a regional hub through the development of five dedicated technology clusters including Electronics, Information Technology and Telecommunications, Precision Engineering, Biotechnology and Green Technology.

HKSTPC co-ordinates with hundreds of partner companies to offer career and internship opportunities ranging from full-time and contract positions to short-term and part-time jobs in different disciplines including engineering, IT programming, design, marketing and business development, etc. With the Talent Pool Career Platform (<https://talent.hkstp.org>), interested job seekers may browse for available job opportunities and apply online for the positions. Local, mainland and overseas job seekers are welcome to find their career opportunities in Hong Kong Science Park via this free and one-stop online platform.
