

Croucher Scholarships for full-time doctoral studies 2021

Croucher Fellowships for Postdoctoral Research 2021

The Croucher Foundation is an independent private foundation dedicated to promoting the standard of the natural sciences, technology and medicine in Hong Kong. The Foundation offers a variety of funding programmes for promising young Hong Kong scientists.

Award Value	<p><u>Croucher Scholarships for Doctoral Study:</u> Full cost award covering tuition fees, airfares, an annual maintenance allowance which is set at USD 30,300 per annum, a one-off arrival allowance in a new country and other allowances. Scholarships are tenable up to and including the third year of the relevant PhD studies programme. This does not therefore necessarily mean that all recipients will get three years of support.</p> <p><u>Croucher Fellowships for Postdoctoral Research:</u> Full cost award covering an annual maintenance allowance which is set at USD 48,240 per annum, airfares, a one-off arrival allowance in a new country and other allowances. The maximum period for a Fellowship is two years.</p>
Eligibility	To be eligible for a Croucher Foundation study award, you must be a Hong Kong permanent resident who devote themselves to a period of full-time study or research in natural sciences, medicine or technology.
Application Deadline	5 p.m., on 16 th November 2020 (Monday)
