2. There shall be a maximum of 10 awards per annum in the amount of HK$5,000 each.

* The “current” status shall be established if the applicant has been a serving and valid office-bearer on the first day of the Semester A in the academic year 2019/2020.

**Remark:**
With an objective to nurture our students and to promote caring culture, the Community Relations Committee of the University Council has recommended that each award recipient is expected to make an annual donation of at least HK$200 to City University of Hong Kong for student support via CityU Alumni Giving Club when they are in employment after graduation. This term has been incorporated into all scholarship/prize/award/bursary schemes, whether they are donated by external donors or contributed by University funding, with effect from February 2008.
