( ) indicates number of credits

Total credits required = **69**

* Depending on the academic background of ASII students, from 12 up to 18 credit units among these courses may be waived to Associate Degree/Higher Diploma graduates upon admission
* SEEM4068 Project (Individual) / SEEM4116 Capstone Project II / FS4004 Overseas Research Internship Scheme.
* CSpC (College Specified Courses) can be any course not within the Major Requirement (including core courses and electives).

Note 1: **MBE2020 should be taken in Year 1 during Semester A, Semester B, or Summer term depending on the allocation and availability of workshop training places. For those with appropriate workshop experience, application for exemption should be made before the start of Semester A during registration period.**

Note 2: Students can alter the study path and courses can be taken in any order or in any year of study provided pre-requisite and pre-cursor requirements are satisfied.

Note 3: Students can take Major electives from Year 1 depending on their overall study plan, and some elective courses may be available for study in the evenings only.
