Application for Transfer from MPhil to PhD Candidature (SGS04)

Notes:
(1) Students are required to complete Sections A to D and return the form to the Chow Yei Ching School of Graduate Studies.

(2) For students who have been approved for transfer to a PhD programme, their MPhil study period shall count towards the PhD candidature. However, the period of PhD study shall not be less than 9 months from the transfer date. Upon transfer to a PhD programme, MPhil students should follow the study period as follows:
   - Students with a master’s degree* before transfer: 3 years/4 years (FT) / 6 years/8 years (PT)
   - Students with a bachelor’s degree before transfer: 4 years (FT) / 8 years (PT)

* For candidates who possess a master’s degree, the programme duration shall be determined by Colleges/Schools/Departments. Colleges/Schools may devise their own policy for recommending 3 years or 4 years PhD study.

(3) The effective date for the transfer is normally the first day of the month following its approval.

(4) Studentship awarded, if any, during the MPhil period of study would count towards the award period for PhD candidature, provided that the student is still eligible for the Studentship. Please note that PhD students will normally be granted studentships supported by UGC funds for a maximum of 3 years (irrespective of their entry qualifications), and the studentship award period should not exceed students’ stipulated study period.

(5) Please note that the normal coursework requirement for PhD students is 14 credit units. (PhD students in the College of Business are required to complete more credits.) Students are reminded to carefully plan their coursework study when they apply for a transfer to PhD candidature.

2. Coursework Prescription

Please note that PhD students are required to complete 14 credit units of coursework. Students in the College of Business are required to comply with the College’s specified coursework requirements. (A list of approved courses for research students is available on SGS web site – http://www.cityu.edu.hk/sgs/coursework/)

The student is recommended to transfer from MPhil to PhD with the following additional coursework requirement:

(b) Recommendation for Renewal of Studentship and Funding Arrangement by the Supervisor

(This section is only applicable to students to be transferred to full-time PhD studies only. The Studentship award period should not exceed students’ stipulated (normal) study period. For students who have transferred from MPhil to PhD or vice versa, the previous award period will be counted towards the new award period, if applicable. The Studentship will cease on completion of the examination requirements or on termination of the student’s studies.)

I recommend the renewal of the Studentship for the PhD candidature up to the student’s stipulated (normal) study period by using my research project(s) funding with details as follows:

<table>
<thead>
<tr>
<th>Funding Period (Candidate’s Year of Study)</th>
<th>Project/Account No.</th>
<th>Type of Fund [See Note 1]</th>
<th>Total Amount of Fund</th>
<th>Balance of Fund (if applicable)</th>
<th>Expected Completion Date (if applicable)</th>
</tr>
</thead>
<tbody>

<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Year Four</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Note 1: Please state the funding to be provided by supervisor (Students supported by external funds will be considered as Self-financing students and are required to pay twice the UGC tuition fee). The type of funds should be the same (i.e. UGC-related or external funds) for the remaining stipulated (normal) study period.

- UGC-related Funds: UGC/RGC grants (e.g. CERG/GRF, CAV/CRF, AoE)
- External Funds: Non-UGC/RGC grants, departmental non-UGC funds, funds of external sources (e.g. ITF funds, teaching company schemes, donations, industrial grants, external grants and scholarships, Croucher Foundation, etc.)

(i) I confirm that I am the PI/Co-PI of a research project(s) indicated above.

(ii) I agree to provide funding for the above Studentship renewal using my research project(s), and confirm that there are sufficient funds in the project account.
