RETHINKING SECURITIES LAW

Marc I. Steinberg

OXFORD

Rethinking Securities Law focuses on many key aspects of securities regulation and recommends meaningful reforms that should be implemented. The book addresses such fundamental subjects as the disclosure regimen of the federal securities laws, exempt offerings (for issuers as well as in the resale setting), the Securities Act registration framework, corporate governance, private securities litigation, insider trading, mergers and acquisitions, and the SEC itself. The book's final chapter provides a summary of recommendations for adoption, numbering about 125 such recommendations.

About the Author

Marc I. Steinberg is the Radford Professor of Law at the Southern Methodist University (SMU) Dedman School of Law. He has received appointments at several other outstanding universities, including the University of Cambridge, University of London, Sydney University, Heidelberg University, University of Hong Kong, Stockholm University, Bar llan University, University of Pennsylvania, and UCLA.
