

Keep the Environment Clean and Hygienic

1. Make Proper Use of Common Rooms & Pantry Areas:

- When you are in Common Rooms or using the pantry areas, please be considerate of other residents. Restore the facilities to their original state, and clean the cooking areas and utensils after use.
- Please do not leave any cooking utensils and electric appliances unattended when they are activated. Do not use the electric appliances with a plug which does not comply with the Hong Kong Electricity (Wiring) Regulation.
- Cleaners will empty the rubbish bins placed in the pantry areas once a day. Please keep the pantry areas clean.

2. Keep Your Bed-study Room, Toilet & Shower Clean & Hygienic:

- Residents are required to clean regularly their own bed-study rooms, toilet & shower facilities. You are strongly advised to establish a standard of cleanliness and tidiness, and consider making a cleaning roster with your roommate to maintain your ideal living environment.
- Pack and dispose of rubbish daily from your room/toilet & shower in the collection bins located at the staircase.

3. Cleaning of Toilet & Shower Rooms:

- Our cleaners will clean toilet & shower rooms once a week. Cleaners will knock the door before entering the rooms.

4. Please take care of your own belongings at all times.
