Chairman of the Council and President:

Mr Dominic Pang Yat-ting, Chairman and Executive Director of Asia Allied Infrastructure Holdings Limited, a publicly traded construction and engineering company based in Hong Kong, is a highly accomplished business leader and a prominent figure in the construction and engineering industry. To better prepare them to take advantage of these opportunities, Mr Pang counsels young people through the Hong Kong General Chamber of Commerce and Hong Kong New Arrivals Services Foundation Limited about broadening their outlook, opening up their minds, and building a brighter future for themselves and Hong Kong. His presence in various philanthropic activities, such as being the Founder of Lifewire, raises funds to provide urgent medical care for children with rare diseases and support patients' long-term medical needs.

Mr Pang is a staunch CityU supporter. He served as a member of the Council to uphold the University's mission to provide high-quality education and research opportunities to students from diverse backgrounds. He is the Honorary Vice-President of the CityU Foundation. He provided support for CityU's interdisciplinary research activities and scholarly collaboration on Basic Law.
