

Nurturing *Global Talent* and Future Leaders

Embarking on an innovative learning journey at CityUHK

City University of Hong Kong (CityUHK) has introduced a series of Flagship Programmes with an enticing scholarship scheme to empower students with global leadership abilities and connect them with leading professionals.

Characteristics of Flagship Programmes

Globally oriented curriculum for talented students

Overseas academic/research exchanges at top-ranked universities (upon fulfilling conditions)

Internship/placement at prestigious institutions (applicable to professional programmes)

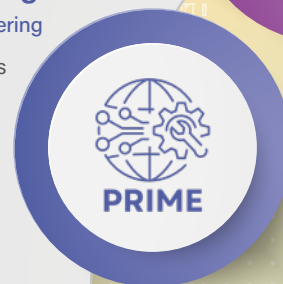

Guaranteed admission to respective PhD programme in Science/Engineering or Postgraduate Certificate in Laws (upon attainment of entrance requirements)

Pathway for Research, Innovation, and Multinational Engineering JS1217 / 1217 // College of Engineering

PRIME programme provides students with a comprehensive education in engineering and opportunities to gain valuable experience through research internships and work placements in top universities and companies worldwide.

Bachelor of Laws JS1061/ 1061 // School of Law

LLB programme provides students with legal knowledge in the areas of law, which are prerequisites for admission to the Postgraduate Certificate in Laws (PCLL), and helps students develop relevant intellectual, personal and technical skills.

International Sustainability Programme for Innovation, Research and Entrepreneurship JS1050 / 1050 // School of Energy and Environment

INSPIRE programme provides students with a comprehensive and globally focused education in energy and environmental engineering. Students will benefit from the specialised curriculum in energy, environment and sustainability, along with extensive training in global perspectives, innovative mindset and research.

Social and Arts Global Excellence* JS1120 / 1120

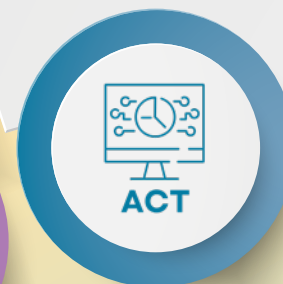

// College of Liberal Arts and Social Sciences

SAGE programme supports students in exploring their scholarly interests and making informed professional choices. It offers students the freedom to select a major in the College, excluding Social Work. Students will complete two required Service Learning courses, together with tailored mentorship support, expert seminars, and international exchange and internship opportunities.

AI, Computing and Transformation JS1070 / 1070 // College of Computing

ACT programme is designed for students who aspire to excel in the fields of data science, computer science and artificial intelligence. Students will gain valuable international experience through overseas exchanges and internships, preparing them to emerge as eminent professionals in their chosen fields.

BBA Global Business JS1001 / 1001 // College of Business

BBA GBU programme offers opportunities for students to develop their leadership and management skills through study tour, executive forums, career development workshops, structured exchange programmes, internships and case competitions.

Integrative Bioscience & Bioengineering Programme JS1300 / 1300 // College of Biomedicine

Bio³ programme combines the strengths of the Biological Sciences (BSI), Biomedical Sciences (BMS), and Biomedical Engineering (BME) programmes to offer students enhanced overseas study, research opportunities, mentorship support, and a specialised curriculum that fosters their global perspectives, innovative mindset and skills.

Bachelor of Veterinary Medicine JS1801 / 1801 // Jockey Club College of Veterinary Medicine and Life Sciences

BVM programme educates future leaders in veterinary medicine. The bespoke curriculum incorporates the best aspects of the Doctor of Veterinary Medicine programme at Cornell University. Ensuring that students acquire the necessary skills and knowledge to become successful veterinarians anywhere in the world.

Flagship Programmes

Global Research Enrichment and Technopreneurship JS1200/ 1200 // College of Science

GREAT programme is a research-driven programme that allows students to choose their own research topics and conduct research with guidance from renowned scholars. Students will acquire practical knowledge in entrepreneurship, business operations and intellectual property, equipping them with the ability to bring new technologies to market.

Creative Arts and Technology Excellence JS1040 / 1040 // School of Creative Media

CREATE programme aims to nourish students' creativity and excellence in arts and technology through a comprehensive, cross-disciplinary curriculum spanning media arts, computer science, design, digital technologies, cultural studies and leadership.

CityUHK Flagship Scholarships

Local students admitted to the Flagship Programmes with outstanding academic performance shall be automatically considered for the Flagship Scholarships, including:

PRIME Pathway for Research, Innovation, and Multinational Engineering	27.5		25	
SAGE Social and Arts Global Excellence*	27.5		25	

*New programme, subject to approval.

Remarks:

- The HKDSE score is calculated by adding the scores of 3 core subjects (excluding "Citizenship and Social Development") and 2 electives, converted under an 8.5-point scale, with the best results. If the student has attempted the subject more than once, the best result of the subject will be used for the score calculation.
- Results in GCE A-level / International A-level are accepted. Two AS subjects are considered to be equivalent to one AL subject. The same subject cannot be counted at both A Level and AS Level. GCE Chinese Language subjects are not counted.
- Maximum duration: 4 to 6 years, depending on the normal duration of the registered undergraduate programme.
- For more details, please visit <https://www.cityu.edu.hk/pvdp/flagship>.
