Taking your study into account

“Professional Accounting” Stream and “ESG and Tech” Stream

- Our department offers two streams, namely “BBA Accountancy (Professional Accounting Stream)” and “BBA Accountancy (ESG and Tech Stream)” to the BBA in Accountancy programme.

- The “Professional Accounting” stream aims to provide students with an active learning environment in which students can develop knowledge of accounting and enrich the broader skills and values essential for members and leaders of the accountancy profession in Hong Kong and the Greater China region.

- The “ESG and Tech” stream is designed to provide students with an active learning environment in which they can develop skills in digital technology, data analysis, risk management, and governance issues, in addition to fundamental accounting knowledge. The graduates are expected to be equipped to take advantage of the growing demand for technological knowledge and governance in the job market and pursue successful careers.
