New 4-Year Bachelor of Science Option

Global Research Enrichment and Technopreneurship

For elite students who aspire to change the world through science

Prepared to be introduced to the new world of scientific discoveries and innovative technologies. Students of this programme will study a tailored common first-year curriculum under the College of Science. After one year of study, they can choose their specialised GREAT streams offered by the Departments of Chemistry, Mathematics and Physics:

- Bachelor of Science in Chemistry (GREAT stream)
- Bachelor of Science in Computing Mathematics (GREAT stream)
- Bachelor of Science in Physics (GREAT stream)

Highlighted Features:

- Inquiry-based and research-driven learning
- Mentorship by world-renowned professors
- Integrating curriculum with entrepreneurship and business planning
- Connection with industrialists
- Overseas academic and research exchange
- Internship in overseas research institutes or technological start-ups

GREAT students who are eager to start their entrepreneurship journey are highly encouraged to sign up for HK Tech 300, a large-scale flagship innovation and entrepreneurship programme organised by CityU. Upon successful enrolment, all eligible participants will be sponsored for an 8-week training programme to learn how to kick start their entrepreneurial journey from scratch, develop a business plan and deliver a pitch. Seed funds, angel funds, and external funds (up to HK $100,000, HK$1 million and HK$10 million, respectively) will also be made available to potential start-ups.
