

Department of Biomedical Sciences presents a symposium

Neuroscience symposium

Date: 14th Dec 2015 (Monday)
Time: 10:00am – 12noon & 2pm-5pm
Venue: Room B5-208, Academic 1
City University of Hong Kong
Tat Chee Avenue, Kowloon Tong

Time	Speaker and Title
10:00 - 11:00	1. Prof Keiji Tanaka: Functional division among prefrontal areas
11:00 - 12:00	2. Prof Hee-Sup Shin: Thalamocortical circuit in control of cognition
14:00 – 15:00	3. Prof Fuqiang Xu: Neurotropic virus based tools for neurocircuit study
15:00 - 16:00	4. Prof Kuan Hong Wang: The molecular logic of neuronal ensemble consolidation and learning
16:00 - 16:15	5. Dr Wenjun Xiong: Gene therapy for retinal degeneration diseases
16:15 - 16:30	6. Dr Sungchil Yang: A Cellular Substrate of Perceptual Learning
16:30 – 16:45	7. Dr. Jinyoung Kim: Responsibilities of Circadian Clocks on adult-onset Neurodegeneration
16:45-17:00	8. Dr. Youngjin Lee: Neuron-glia energy metabolic interactions in health and disease

Contact: Prof. He Jufang (3442-7042, jufanghe@cityu.edu.hk)

~ All are Welcome ~
