Remarks:
1. Other HKDSE Subjects
   - Chinese Language and English Language are excluded.
   - Besides Category A elective subjects, Mathematics extended modules (M1/M2), Category C other language subjects (at grade E or above) and some Category B Applied Learning (ApL) subjects can be used to meet the requirement of "three other HKDSE subjects". If students take both M1 and M2, the two modules are counted as one subject only.
   - Students who plan to select Building Services Engineering OR Construction Engineering and Management of JS1091 are advised to study M1/M2, and preferably Physics, Combined Science (Physics and Biology) or Combined Science (Physics and Chemistry).

2. Non-Chinese Speaking (NCS) Students
   Applicants who have (i) learned Chinese Language for less than 6 years while receiving primary and secondary education or (ii) learned Chinese Language for 6 years or more in schools but have been taught an adapted and simpler Chinese Language curriculum not normally applicable to the majority of students in local schools can use the following qualifications to replace HKDSE Chinese Language level 2 to meet the Chinese language entrance requirement.
   - HKDSE Applied Learning Chinese "Attained" or above
   - GCE/AS Chinese Grade E or above
   - GCSE/IGCSE Chinese Grade C / Grade 4 or above

HKDSE other language subjects cannot normally be used to meet the Chinese-language entrance requirement. Whilst waivers may be granted at the discretion of the Division of Building Science and Technology, such measures are only taken under special circumstances on a case-by-case basis. Students are thus strongly advised to obtain the requisite Chinese qualifications.
