Interns (2022 - 2023, 20+ Openings) - ASM Pacific Technology Limited

Dear Professor / Officer,

Thank you for your support. ASM Pacific Technology (ASMPT) is now recruiting one-year interns to join us for the year 2022-2023.

As a leading global supplier of hardware and software solutions for the manufacture of semiconductors and electronics, we offers a comprehensive internship program for students to develop their interpersonal skills, technical skills as well as applying what they have learnt in real technical projects. Through the program, students could also learn from our mentors and build their professional network with different technical experts.

Please grant your help on the promotion of our internship program as well as sending the email to related professors, students and responsible persons. For more details about the internship program, you could access our webpage at https://asmhk.recruitee.com/o/interns-2022-2023-20-openings (interested students could click “Apply for this Job” to apply).

If you have any query, please do not hesitate to contact our HR Colleagues, May Ho (Tel: 2619 5113) or Milky Mok (Tel: 2619 5103). Thank you!

Best Regards,

Terence Kong
HR Manager (HK & Overseas Offices)
