

Issue 7 (May 2020)

### Faculty achievement

#### Department of Electrical Engineering

Dr Sammy CHAN has received the IEEE Systems Journal Best Paper Award 2020. Co-authored with scholars from Hohai University, Nanjing Agricultural University and Shenyang Ligong University, the award-winning paper is titled “An uneven cluster-based mobile charging algorithm for wireless rechargeable sensor networks”.

### Faculty achievement

#### Department of Biomedical Engineering

Prof ZHANG Yuanting was appointed as the editorial advisory board member for the new IEEE Open Journal of Engineering Medicine and Biology. The journal, which covers the development and application of engineering concepts and methods to biology, medicine and health sciences, provides effective solutions to biological, medical and healthcare problems. Prof Zhang was the only member from the Greater China region.

### Faculty achievement

#### Department of Architecture and Civil Engineering

Prof Jonathan LI received the 2020 Robert H Scanlan Medal for his outstanding contribution to wind engineering and structural mechanics from fundamental research to engineering applications. The medal is awarded to scholars for their distinguished achievement and contribution in engineering mechanics in the areas of structural mechanics, wind engineering and aerodynamics.
