College of Engineering

Congratulations to the following faculty members for serving various highly competitive international competitions.

**Faculty Achievement**

**Project Coordinator**

- Department of Mining Science and Engineering
  - Professor Thomas NG

- Dr WANG Cheng
  - Department of Electrical Engineering

- Professor WANG Cong
  - Department of Architecture and Civil Engineering

- Professor LIEW Kim Meow
  - Biomedical Engineering

- Professor HU Jinlian
  - Department of Electrical Engineering

- Dr Nadia CHOW
  - Research Impact Fund

- Project Title: Collaborative Research Project Grant

- Description: Grants to support collaborative research projects between mainland China, Hong Kong, Macau, Thailand, Indonesia, Malaysia, Laos, and Vietnam.

- Amount Funded: 6.90M

**Student Achievement**

- Department of Architecture and Civil Engineering
  - Mr CHEN Xingcan, supervised by Dr Charlie XUE, Dr Gianni TALAMINI, and Dr Michael LU Yi, received the Best Presentation Award for her paper titled The Antecedents of Intention to Settle in Construction Stakeholders.

- Department of Mechanical Engineering
  - Dr YANG Zhonghui, and Dr EN Min, under the supervision of Dr Charlie XUE, Dr Gianni TALAMINI, and Dr Michael LU Yi, received the Best Presentation Award for their paper titled Holographic Display System for the applications of multiple disjointed virtual reality applications.

- Department of Electrical Engineering
  - Dr HUANG Guanying, under the supervision of Professor Thomas NG, received the Best Presentation Award for his paper entitled Factors Influencing the Promotion of Green Building Materials: Perspective of Multiple Stakeholders.

- Department of Architecture and Civil Engineering
  - A student team comprising Mr CHEN Junhao, Miss CHEN Yingting, Mr Kenneth CHEUNG, received the Best Innovation Award in the IET Young Professionals Exhibition & Conference 2022 (Undergraduate Section).

**Alumni Achievement**

- Department of Architecture and Civil Engineering
  - Mr KWOK Man Hin, a student from the Department of Public and International Affairs, under the supervision of Dr W S WONG, was awarded the 1st Runner-up of the Young Professional Award 2022 from the Hong Kong Institute of Construction Managers.

- Department of Electrical Engineering
  - Dr Steven WANG, successfully acquired an angel fund of HK$1 million to develop membrane materials for high-risk places, especially airports, to minimize cross-infection risks.

- Department of Mechanical Engineering
  - Dr Donald WONG, and Dr WANG Cong, supervised by Dr Charlie XUE, Dr Gianni TALAMINI, and Dr Michael LU Yi, won the 2nd Runner-up of the Young Professional Award 2022 from the Hong Kong Institute of Construction Managers.

- Department of Electrical Engineering
  - Dr CHEUNG Tong respectively in recognition of his dedication to the construction industry.

- Department of Mechanical Engineering
  - Mr WANG Junhao, and the Hong Kong Lo Pan Kwong Yuet Foundation respectively in recognition of his dedication to the construction industry.

- Student Achievement

- **2022 Awards**
  - Department of Mechanical Engineering
    - Ms CHEUNG Man Yin, received the Best Innovation Award at the 25th International Symposium on Advancement in Construction, Building and Infrastructure Systems.
    - Dr WANG Cong, and the Hong Kong Lo Pan Kwong Yuet Foundation respectively in recognition of his dedication to the construction industry.

- Department of Electrical Engineering
  - Ms CHENG Man Yin, received the Young Construction Manager Award 2022 and the Young Professionals Award 2022.

- Department of Mechanical Engineering
  - Dr WANG Cong, and the Hong Kong Lo Pan Kwong Yuet Foundation respectively in recognition of his dedication to the construction industry.
