Grenoble Institute of Technology, France

Programme web page: [http://www.grenoble-inp.fr/summer-schools/](http://www.grenoble-inp.fr/summer-schools/)

Students have to be nominated by CityU for the Summer Exchange Programme. Please do NOT submit your application to host university directly.

**Summer Schools**

11 June - 13 July 2018, 5 weeks

Grenoble INP offers two 5-week summer courses to study a specific field of engineering sciences: Nanotechnology or Smart Energy.

As one of the leading city in terms of scientific research and industrial network, Grenoble offers state-of-the art research facilities and equipment, a must see if you plan a career in science or engineering.

Come study in Grenoble INP and enjoy the French culture and "art de vivre" at the heart of the Alps mountains!
