**Company Background:**
Founded in 2015, IOIO is a design and build studio for media arts, exhibitions and interactive experiences. We assemble talented artists, designers, and technicians who are exploring every unconventional channel to achieve breakthroughs in originality. Our team, diversified in profile yet common in artistry and perseverance, also offers a wide range of innovative solutions for product design, marketing campaigns, and brand building in the commercial world. Our strong technical team plays a vital role in the course of production as their input not only guarantees the comprehensive realisation of the creative concepts, but also the apprehensibility and usability of the end products. All in all, IOIO is the place where you can find surprising ideas well-blended in harmony at production.

Should you have any queries regarding the Internship Programme, please do not hesitate to contact Tammy Cheung, Administrative Assistant via tammy.cheung@ioiocreative.com
