2021 Graduate Recruitment
(Ref:GR-2021)

Company Introduction
The Hong Kong and China Gas Company Limited (Towngas) is one of the largest energy suppliers in Hong Kong, operating with world-class corporate management and leading-edge business practices. For the past years, Towngas has grown with Hong Kong, evolving from the simple gas company to our current leading position in the energy industry of mainland China and beyond.

Graduate Trainee Programme
Towngas’ Graduate Trainee (GT) Programme is part of our Integrated Leadership Pipeline scheme which aims to nurture young talents. Targeted at graduates who will help us to grow our energy businesses in Hong Kong and mainland China, the two-year programme provides participants with extensive professional knowledge through different functional attachments as well as project assignments in the Towngas Group.

As a Graduate Trainee, when your career progresses, you will gradually acquire general management skills that form the foundation of all Towngas leaders and realize your potential through active participation in new business initiatives, management training, mentoring and coaching by senior superior and voluntary services.

Participants with academic qualifications recognized by the Hong Kong Institute of Engineers (HKIE) may undergo HKIE accredited Scheme ‘A’ Training in pursuit of chartered engineer status.

We are now recruiting talented fresh graduates or graduates with less than two years’ working experience with strong academic achievement to join our 2021 Graduate Trainee Program for Hong Kong and mainland China Businesses.

The Person
- Master or Bachelor degree holders in the following disciplines:
  - Chemical Engineering
  - Mechanical Engineering
  - Industrial Engineering
  - Energy and Environmental Engineering
  - Building Services Engineering
  - Business Studies (for mainland China Utility Businesses ONLY)
- Keen interest in Green Energy Industry
- Passionate about protecting and preserving the environment
- Strong problem solving, analytical skills and innovative mindset
- Good command of spoken and written English and Chinese, including Putonghua
- High mobility to travel and work in mainland China and South East Asia
