

Award

**Departments of
Computer Science and
Materials Science and Engineering**

Dr WANG Cong, Dr WANG Feng and Prof ZHANG Wenjun received the President's Awards 2019 to recognize their remarkable achievements in their respective academic arena in support of the University's enhancement and development.

Faculty achievement

**Department of
Materials Science and
Engineering**

Prof HE Jr-Hau and Dr WANG Feng won the Asian Rising Stars Lectureship Medal in the 18th Asian Chemical Congress, organized by the Federation of Asian Chemical Societies. The medal is presented to outstanding scholars in Asia in recognition of their significant research achievements.

**Department of
Biomedical Engineering**

Dr King LAI and his team obtained the Construction Innovation Award 2019 from the Construction Industry Council for the collaborative project with The Hong Kong and China Gas Co Ltd entitled Smart Riser Jacket and Robotic System.

Faculty achievement

Faculty achievement

**Department of
Computer Science**

Dr WANG Cong received the IEEE INFOCOM Test of Time Paper Award 2020 for his co-authored paper Achieving Secure, Scalable, and Fine-Grained Data Access Control in Cloud Computing. The award recognizes papers published 10 to 12 years ago in the IEEE INFOCOM proceedings that were most cited and widely recognized in the research community.

**Departments of
Electrical Engineering**

Mr CHEN Tsung Yu received the IET Prize 2019 from the Institution of Engineering and Technology (IET). The IET Prize delivers the IET's vision by underpinning its mission to inspire, inform and influence the global engineering community, and supporting technology innovation to meet societal need.

Student achievement

Student achievement

**Department of
Electrical Engineering**

PhD student DING Chen, under the supervision of Prof K M LUK, won the Best Student Paper Prize at the 2019 Asia-Pacific Microwave Conference for his paper titled Phaseless Far-Field Gain Measurement of Circularly-Polarized Antennas. The paper's other authors were Ms Jovi MOK and Dr K F CHAN.

**Department of
Electrical Engineering**

PhD students LIU Yucheng, WEI Yang, WANG Hao, ZHU Hongxu and research assistant CHEON Hoi Koo were made the 2nd Runner-up in the paper competition and the 1st Runner-up at the IEEE International Symposium on Product Compliance Engineering-Asia 2019. Their supervisors were Dr K F TSANG and Dr Y T CHOW.
