  🩰 When recording voice message, press ‘#’ to skip the voice instructions. |
## Redial a number

- Uplift the handset and press the Redial soft key.
- Press a button to open a line and press the Redial soft key.

## Adjust volume for your handset

- Press the button to increase or decrease volume for the handset, headset, or speakerphone depending upon which is currently active and press the Save soft key to save the setting.
- The button controls the ringer volume if the handset is in its cradle. This setting is automatically saved.

## Mute the microphone during a call

- Press the button (dimmed) to toggle Mute on.
- Press the button (Red) to toggle Mute off.

## Pick a call up from any extension within your pick-up group

- To pick up a call from an extension within your pick-up group:
  1. Uplift the handset of your phone or press a button to open a line.
  2. Press the Right Most soft key “…” until the Pickup soft key is shown.
  3. Press the Pickup soft key to transfer the call to your extension.

## Transfer a call

- To transfer a call:
  1. Press the Transfer soft key or Press Button. This places the call on hold (Press the EndCall soft key and then the Resume soft key to return to the original call).
  2. Press a 4-digit internal extension number to transfer the call to this internal extension.
  3. When it rings on the other end, press the Transfer again.
  4. Hang up if handset is used.

## Place a conference call

- During a call, to place a conference call:
  1. From an active call, press Conference.
  2. Make a new call.
  3. Press Conference again (before or after the party answers). The conference begins and the phone displays "Conference."
  4. Repeat these steps to add more participants.

### Join Calls:

You can conference the active call with the held calls either on the same line or across lines.

- From an active call, press Conference.
- Press Active calls to select the held call, and press Conference again to create the conference.

### View and Remove Participants

During a conference, press Show Details. To remove a participant from the conference, scroll to the participant and press Remove.

- Once the conference initiator disconnects, no new conferees can be added.
- To abandon the addition of a conferee, press Right Most … button, press “Show detail” soft key, press the Scroll Key to select the line and press the Remove soft key.
When the maximum number of conferees is hit and the **Confrn** soft key is pressed, a message *Exceeds maximum parties* will be shown on the LCD.

### Answer a call using call waiting
(Applicable to the IP phone with call waiting feature enabled)

- **Ask your department to submit a CSC Work Request to set up the Call Waiting feature for your IP phone.**
- **When this feature is enabled, you will hear a call waiting tone and see caller ID information if a new call comes in while you are on another call.**
- **To answer the call, press the **Answer** soft key.**
- **The line with the held call displays the call-on-hold icon [1].**
- **To return to the original call, you must put this call on hold by pressing the **Hold** soft key or end this call followed by the **Resume** soft key.**

Use the [button to scroll through the calls on hold.

### Change ring type

- **You may apply different ring type to different phone line or apply the default ring setting to a selected phone line by pressing **Default** soft key.**
  1. Press the [button, choose ‘2.Settings’ and then ‘2.Ringtone’ option.
  2. Select a phone line for the default ring setting.
  3. Use the [button to scroll through the ring types. Press **Play** to hear the selected ring type. Press the **Set** soft key at the ring type of your choice and then press **Exit** soft key.

### View your call logs

- **To view missed calls, placed calls or received calls:**

**View Call History**

1. Press Applications [.
2. Scroll and select 1. **Recents**.
3. Select a line to view. Your phone displays the missed, placed, and received calls.
4. To view details for a call, scroll to the call, press Right Most soft key “...”, and then press **Details**.

**View Missed Calls Only**

1. View your call history.
2. Press **Missed calls**. Alternately, press the session button mapped to the Call History icon.
### Access the corporate directory
