

Semester - A (Sep - Dec)	Year 1		Year 2		Year 3		Year 4		Year 5		Year 6							
	Semester 1	CU	Semester 3	CU	Semester 5	CU	Semester 7	CU	Semester 9	CU	Semester 11	CU						
	CHEM1300 (College-Specific Req.) Principles of General Chemistry	3	BMS2202 Diversity of Life and Evolution	3	VM3010 Veterinary Practice & Professional Studies 1	3	VM4000 Host, Agent and Defence	18	VM4114 Small Animal Clinical Studies 2	5	VM4302 Clinical Rotations: Part II	21						
	GE1351 (DR - Area 3) Food Production and Security	3	BMS2803 Biology of Cells	3	VM4115 Equine Medicine and Surgery	6												
	GE1401 (University Req.) University English	3	BMS2804 Veterinary Microbiology	3									VM4116 Production Animal Clinical Studies	8				
	GE1501 (University Req.) Chinese Civilisation - History and Philosophy	3	CHEM2007B (College-Specific Req.) Principles of Organic Chemistry	3											VM4401 Research Project	3		
	VM2001 One Health	3	PHY2400 Advanced Physics for Biologists	3					VM1005 Clinical EMS	N/A								
	VM2102 Animal Behaviour and Handling	3	VM2106 Aquaculture and Aquatic Animal Health	3	VM4001 Clinical Pharmacology/ Toxicology	3												
													VM4001 Clinical Pharmacology/ Toxicology	3				
				VM4001 Clinical Pharmacology/ Toxicology											3			
							VM4001 Clinical Pharmacology/ Toxicology	3										
					VM4001 Clinical Pharmacology/ Toxicology	3												
Total Credit Units		18	Total Credit Units						18	Total Credit Units		21	Total Credit Units			22	Total Credit Units	
Semester - B (Jan - May)	Semester 2		Semester 4						Semester 6		Semester 8		Semester 10		Semester 12			
	CU	CU	CU	CU			CU	CU	CU	CU	CU	CU	CU	CU				
	GE2401 (University Req.) English for Science	3	BMS2805 Biochemistry for Veterinary Science	3	VM3100 Function and Dysfunction	18	VM4010 Veterinary Practice & Professional Studies 2	3	VM3003 Food Safety and Regulation	2	VM4303 Clinical Rotations: Part III	21						
	A GE course in Area 2 to prepare for professional development	3	BMS2806 Genes, Inheritance and Genetic Disorders	3									VM4401 Research Project (continued)	3				
	PHY1400 (College-Specific Req.) Introductory Physics for Biologists	3	GE2342 (DR - Area 3) Introduction to Zoonotic Diseases	3											VM4011 Veterinary Practice & Professional Studies 3	3		
	GE2139 (DR - Area 1) Animal Welfare and Ethics	3	VM2103 Animal Nutrition and Welfare	3													VM4103 Conservation, Zoo and Exotic Animal Medicine	3
	VM2003 Livestock Husbandry	3	VM2104 Introduction to Food Safety	3			VM4104 Transboundary Animal Diseases	2										
	VM2100 Statistics for Evidence-Based Biological and Veterinary Sciences	3	VM3004 Evidence-Based Veterinary Medicine	3					VM4202 Aquatic Veterinary Medicine	2								
													VM4301 Clinical Rotations: Part I	5				
				VM4112 Anaesthesia, Analgesia and Fluid Therapy											4			
					VM4113 Clinical Pathology	2												
							VM4113 Clinical Pathology	2										
									VM4113 Clinical Pathology	2
