Exclusive Courses: <i>(Course Code and Title)</i>	Nil

Part II Course Details

1. Abstract

This course aims to help DBA students to cope with the demands imposed on them by the tasks of reading, understanding, and analyzing published disciplinary literature of relevance to their own doctoral studies, and the writing of the literature reviews, research proposals, and journal articles for publication in their specific fields.

2. Course Intended Learning Outcomes (CILOs)

No.	CILOs [#]	Weighting* (if applicable)	Discovery-enriched curriculum related learning outcomes (please tick where appropriate)		
			A1	A2	A3
1.	Identify and describe the format, linguistic conventions and rhetorical strategies used in the key sections (i.e., the literature review, the concept map, and the research methodology) of a typical doctoral research proposal;	60%	√	√	√
2.	Apply the knowledge specified in CILO 1 when writing the key sections of their own research proposals;		√	√	√
3.	Identify and describe the format of a journal article and the rhetorical strategies needed in the writing of a journal article in their own disciplines;	30%	√	√	√
4.	Apply the knowledge specified in CILO 3 needed in writing journal articles in their own disciplines;		√	√	√
5.	Identify and apply effective strategies needed to overcome writer's blocks and those needed to manage extensive writing projects such as those specified in CILOs 1-4.	10%	√	√	√
		100%			

* If weighting is assigned to CILOs, they should add up to 100%.

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to self-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

3. Teaching and Learning Activities (TLAs)

TLA	Brief Description	CILO No.					Hours/week (if applicable)
		1	2	3	4	5	
1	Guided group discussions;	√	√	√	√	√	
2	Guided analyses of good and bad samples of literature reviews, proposals, and journal articles provided by the instructor and/or collected by students, relevant to their own research;	√	√	√	√	√	
3	Guided writing tasks in specific genres or part-genres.	√	√	√	√	√	

4. Assessment Tasks/Activities (ATs)

Assessment Tasks/Activities	CILO No.					Weighting*	Remarks
	1	2	3	4	5		
Continuous Assessment: <u> 100 </u> %							
Assignment 1 needs to carry a complete version of the Introduction and a part-draft of the Literature Review in which one part(s) of the theoretical framework of the proposed research is presented. (2000-2500 words)	√	√	√	√	√	40%	
Developed from Assignment 1, Assignment 2 needs to carry an updated Introduction, a fully-developed Literature Review, and a Methodology chapter which provides an overview of the paradigm and method(s) to be used in the thesis work, and a summary of the different parts of the study (e.g., research instrument, data collection method(s), sampling and treatment of data). (4000-6000 words)	√	√	√	√	√	60%	
Examination: _____% (duration: _____, if applicable)							
* The weightings should add up to 100%.						100%
