		100%			

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to self-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

3. Teaching and Learning Activities (TLAs)

(TLAs designed to facilitate students' achievement of the CILOs.)

TLA	Brief Description	CILO No.					Hours/week (if applicable)
		1	2	3	4	5	
TLA1: Lecture	Lectures will cover the topics related to CILOs 1-5 and will be used to explain the concepts, theories and methods of community work practice. Mini-lectures will be used to explain the concepts and core skills before students are asked to practise the skills in class. Live demonstration by the lecturers will also be used in class to coach students to have a clear grasp of the skills they need to learn. These activities are expected to achieve CILO 5.	√	√	√	√	√	
TLA2: Video shows in lectures and tutorials	Video shows about real life cases and situations will be shown in lectures to help students get a better grasp of the concepts and integrate what they have learnt to the local context. Multi-media teaching materials, such as video shows, will be used to help students learn how to practise the skills in real life situations in tutorial sessions. Simulated practice exercises will be presented in the video shows and students will be asked to follow these exercises to make improvements on practising the skills. The video shows will contribute to achieve all CILOs.	√	√	√	√	√	
TLA3: Experiential activities and exercises	Experiential activities will be used in tutorials to help students develop a community work perspective (CILO 2) and stimulate their reflection on the value base (CILO 3), functions of community work practice (CILO 1) and the values and importance of applying the community organising skills (CILO 5).	√	√	√		√	
TLA4: Guest lectures	Guest speakers will be invited to share with students about the modes of services, current development and issues of community work practice in Hong Kong (CILO 3 & 4)			√	√		
TLA5: Tutorial discussions	Tutorial sessions will be used to help students have further discussion and sharing on the concepts and knowledge they learnt from the lectures and the assigned readings. The tutorial discussions are expected	√	√	√	√	√	

	to achieve all CILOs 1-5.							
TLA6: Role plays in tutorials	Role plays will be used in tutorial sessions to allow students to have more opportunities to practise the use of the skills in class. These activities are expected to contribute to achieve CILO 5.					√		
TLA7: Field practice and participant observation	Under normal and safe circumstances, students are arranged to go out to the community to practise their skills learnt in the laboratory. They are expected to contact residents in a selected community. This will help students have a real chance to go into a community to practise the initial contact skills (CILO 5).					√		
TLA8: Outside classroom interview	Students will form a small group and each group needs to arrange an interview with a resident or community leader or a core (active) member of a community organisation/resident group/local community concern group/self help group /advocacy group. The visit focuses on finding out or tracing the interviewee's experiences in community participation, and understanding the interviewee's feelings, problems and barriers, achievements and personal development in these participation experiences (CILOs 1-4).	√	√	√	√			
TLA9: Online sharing in Discussion Forum via e-portal	An on-line Discussion Forum will be set up to help students exchange their views, questions, comments and feelings on their learning in this course. Students can share whatever topics they like, so this activity is relevant to all CILOs.	√	√	√	√	√		

4. Assessment Tasks/Activities (ATs)
(ATs are designed to assess how well the students achieve the CILOs.)

Assessment Tasks/Activities	CILO No.					Weighting	Remarks
	1	2	3	4	5		
Continuous Assessment: 60%							
<p>AT1 Tutorial Discussion</p> <p>Students are assessed according to their effort in discussion in the class. They are expected to have active participation in class discussion, in role-plays, in giving comments, raising questions and contributing to reflective sharing and discussion in the class. Students' effort in reading and understanding the assigned reference materials is also assessed.</p>	√	√	√	√	√	20%	
<p>AT2 Group Report</p> <p>After the interview with the community leaders, each group of students needs to write a group report of not more than 4,000 words. The report should include Part A: a description about the interviewee's experiences in community participation; and Part B: a reflection about students' learning and understanding of the concept of participation and empowerment from this interview.</p>	√	√	√	√		40%	
Examination: 40%							
<p>AT3 Examination</p> <p>Normally a 3-hour closed book examination is designed to gauge students' grasp on concepts, theories and knowledge introduced in the lecture, tutorials and assigned readings, as well as their ability to apply them to different community situation. Under very special circumstances that a normal examination could not be organized, it will be replaced by an online examination.</p>	√	√	√	√		40%	
						100%	

5. Assessment Rubrics
