## Part II Course Details

### 1. Abstract

This course aims to study the potential for text corpora to be used in the field of translation. Students will acquire a critical understanding of relevant concepts and methods of corpora design, compilation and manipulation and will learn to apply them in translation studies and practice.

### 2. Course Intended Learning Outcomes (CILOs)

(CILOs state what the student is expected to be able to do at the end of the course according to a given standard of performance.)

No.	CILOs	Weighting (if applicable)	Discovery-enriched curriculum related learning outcomes (please tick ✓ where appropriate)		
			A1	A2	A3
1.	Identify and apply key concepts and methodology in corpus design, compilation and annotation from the perspective of translation studies and practice.		✓	✓	✓
2.	Search and extract data from a corpus for use in translation studies and practice.		✓	✓	✓
3.	Use corpora resources to critically study and discuss existing translations of important works of different genres.		✓	✓	✓
4.	Use corpora resources to translate works of different genres.		✓	✓	✓
5.	Conduct independent research in translation studies based on CILOs 1 – 4 above, discovering and formulating hypotheses that are descriptively, explanatorily and theoretically adequate.		✓	✓	✓
		100%			

**A1: Attitude**

*Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.*

**A2: Ability**

*Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to self-life problems.*

**A3: Accomplishments**

*Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.*

### 3. Teaching and Learning Activities (TLAs)
