

## Curriculum Information Record for Common Requirements

### Department of Physics Effective from Semester A 2017/2018 For Students Admitted from Semester A 2016/17

The information provided on this form is the official record of the common requirements, such as Gateway Education requirement, College/School requirement, and University Language requirements. It will be used for City University's database, various City University publications (including websites) and documentation for students and others as required.

In specifying the curriculum for the common requirements, "catalogue term" is used to determine the set of curriculum requirements that a student is following. By mapping the student record and the version of curriculum rules applicable, the graduation requirements of individual students will be evaluated accordingly. The catalogue term of the common requirements that students will follow will be the same as their admission term (BUS/04/A5R).
