

UGC's Targeted Taught Postgraduate Programmes

Fellowships Scheme 2021/22 for Local Students

Background

The Fellowships Scheme was first introduced for 2020/21 intake cohort by the HKSAR Government for nurturing more talents for the strategic development of Hong Kong. Administered under the University Grants Committee (UGC), the Scheme is offered to provide local students admitted to the targeted taught postgraduate programmes with the award of fellowships. Funding allocation of the Scheme for 2021/22 intake is subject to approval by the Legislative Council.

Objective

The main purpose of the Scheme is to attract meritorious local students to pursue interdisciplinary and in-depth postgraduate training in priority areas of strategic importance for Hong Kong and to meet the needs for talents speedily.

Eligibility

Local students who are admitted to the targeted programmes in full-time, part-time or combined study mode will be invited to submit applications for the fellowship award. To avoid double subsidy, students who are receiving other forms of government scholarship (except student financial assistance) for pursuing the same programme are not eligible to apply.

Award

The fellowship students are required to pay a minimum tuition fee of HK\$42,100, which is the prevailing rate of the UGC-funded programmes, and the differences will be subsidized by the fellowships subject to a cap of HK\$120,000 for each student regardless of the actual study period of the programme. The fellowships will be used for the settlement of the tuition fee only.

Criteria for Assessment

The award of the fellowships will be merit-based, taking into account students' academic excellence, professional attainment, work experience, interview results and other programme-specific criteria as well as the personal statement about i) applicants' commitment and ii) the proposal on how they can contribute to the priority areas of Hong Kong after completing the programme concerned.
