

# Teachers' Development Day

Dear Principal,

You are cordially invited to join the **Teachers' Development Day@CityU (TDD@CityU) for 2021-22** to support the teachers' development needs of your school. The TDD@CityU aims to bring up-to-date university information to secondary schools, especially on the articulation of university and secondary education, and the nurturing of students' talents to meet future challenges. We have successfully run a few TDD sessions for around 10 schools in 2020-21 and received very positive feedback. A preliminary programme run-down is set out below for your kind reference. If your school joins us, we will work together with your teacher-in-charge to design a programme that best suits your needs.
