Dear Students,

The University may use your contact to communicate with you from time to time on your studies and other matters. It is essential to keep your contact details up to date.

Please take a few minutes to **update your current local address and telephone number in AIMS** if you have not done so. Also, please take the opportunity to update **your Emergency contact information** if needed.

It’s simple and easy. Just follow the steps given under ‘**How to Update Your Contact Information**’ on the ARRO web page.

For Non-local Students/ Inbound Exchange Students of Bachelor’s Degree Programmes, if you stay in Hong Kong, please update your Hong Kong address and contact phone number in AIMS to ensure that you will receive the necessary information from the University.

It is the students’ responsibility to keep their personal contact information up to date so that the University can reach them if necessary. Thank you.
