Electronic ID (EID)

EID is a unique ID assigned to users for accessing IT services provided by the University. Once an EID is assigned to a user, it will be used by that person even when he/she changes his/her role in the University as a student or staff or alumnus.

The current policy is to generate EID based on the name of individual user and the EID is in alpha-numeric format. However, there are still cases that some existing students and alumni are having their Student Numbers as their EIDs.

This is the AIMS login page. This will be skipped if you click “AIMS” inside Portal (after login). If you need help, click FAQ at the bottom. AIMS is also extended to mobile access, click “App Store” and “Google Play” for details.
