## **Prof. Crystal Li JIANG**

**Associate Professor**

Director of Outreach and Engagement  
Department of Media and Communication

Dear Hall 14 Residents,

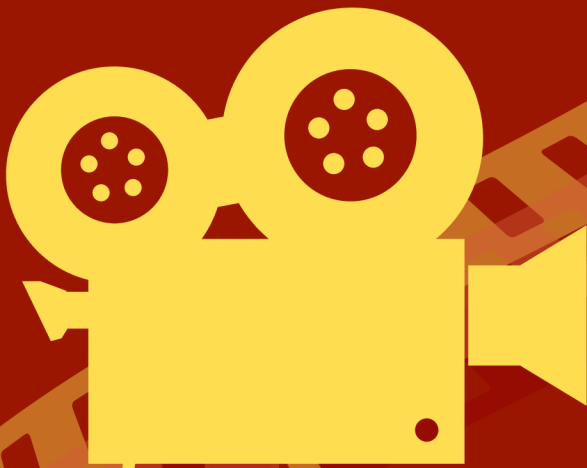

What an incredible journey it has been—Hall 14’s very first year, and we lived every moment of it together. From the day we opened our doors, we began not just as individuals sharing a roof, but as a community shaping a home.

This inaugural year brought its fair share of lessons and memories. We navigated new beginnings, shared laughter over poker nights, embraced diversity during cultural evenings, and pushed ourselves on the courts—our proud moment as 2nd runner-up in badminton stands as proof! We learned to balance fun and responsibility, with our hygiene competition and appreciation dinner honoring our cleaning staff and guards reminding us of respect, gratitude, and self-discipline.

Through every challenge and celebration, we grew—not just as students, but as people. We practiced time management, supported one another, and created bonds that will outlast this chapter.

To each of you who helped build the spirit of Hall 14—thank you. It’s been an honor to walk this first year with you. Here’s to the legacy we’ve started, and to the many more memories yet to come.

Warm regards,  
Crystal Jiang

# WELCOMING WEEK

New room, new beginnings, and what better way to kick things off with a shopping spree? Armed with shopping lists, we head to Ma On Shan Plaza to began our adventure for the day.

Residents teamed up with RTs and set off to each store on the mall. We viewed and shopped our necessities for our new room.

## Shopping Spree

# WELCOMING WEEK

Starting the journey as a student at CityU. From the moment the doors open, as our first event of the year, new faces great each other and became best friends afterwards.

The HMT explained the rules and regulation of our brand new hall, what can we expect here as the facilities were still on the beginning phase, and also showed the residents our basic equipment and where they located at our hall.

Welcome Pack

# WELCOMING WEEK

We kick-off the first semester with our first welcoming party as Hall 14! Held in sports hall, our welcoming party was the first one in our brand new compound. It was filled with laughter, friendly competition, and the crunch of snacks everywhere.

We played various games from quizzes, musical chair, led to the irresistible aroma of freshly delivered pizzas. Everyone queuing, boxes after boxes disappeared and marks the end of our event.

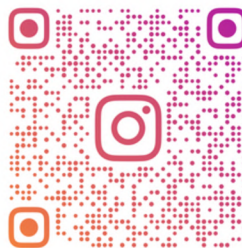

## Welcoming Party

# COSTUME NIGHT

When the clock reached 9PM, our compound transformed into a spooky celebration for halloween night. Held in the multi-function hall at the center of our compound, Ma On Shan after-hours began. Shadowy corridors became runways, residents emerged as ghosts, superheros, and cultural icons. our MFH transformed into a realm of imagination, staged with glowing lights, pumpkins, and spider webs.

# MIDTERM EXAM ENERGIZER

As the library lights burned late and our brain ran dry, Hall 14 staged the ultimate study break. Exam energizer! Stress? Overwhelmed? Or running out of time? We got you.

Tables turned and became an oasis of sugar and solidarity. Cakes, cakes, and more cakes.

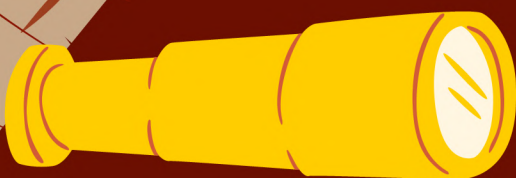

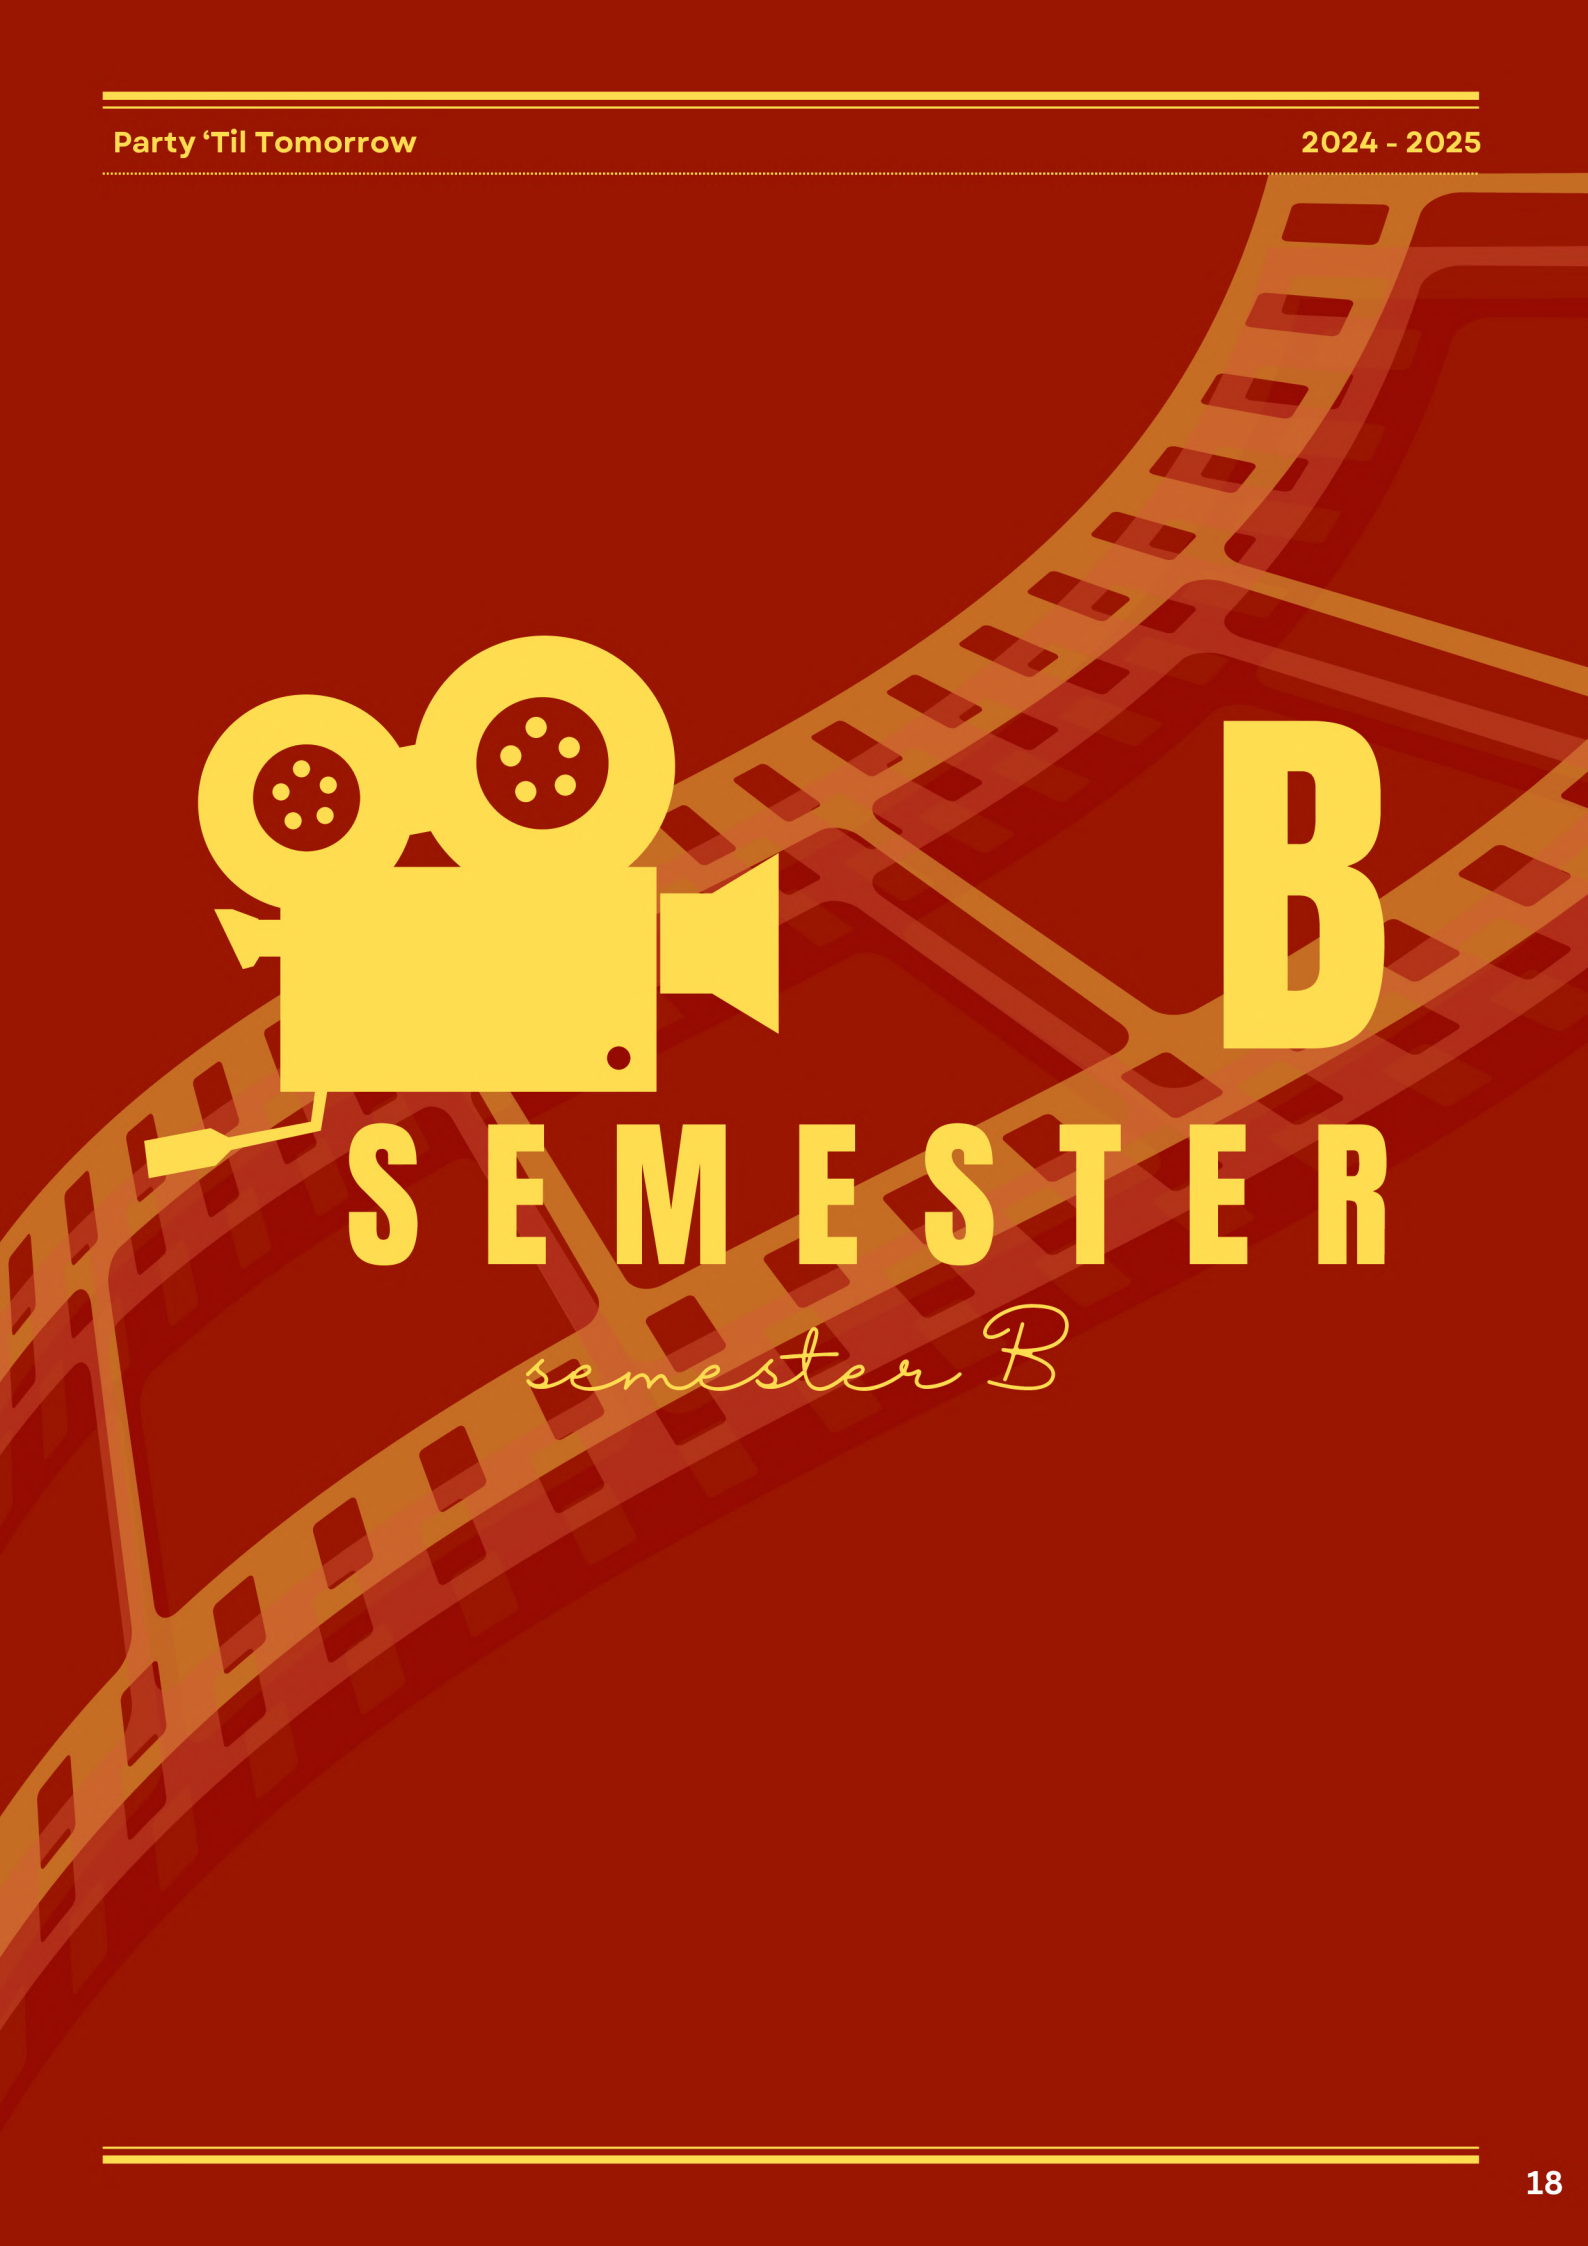

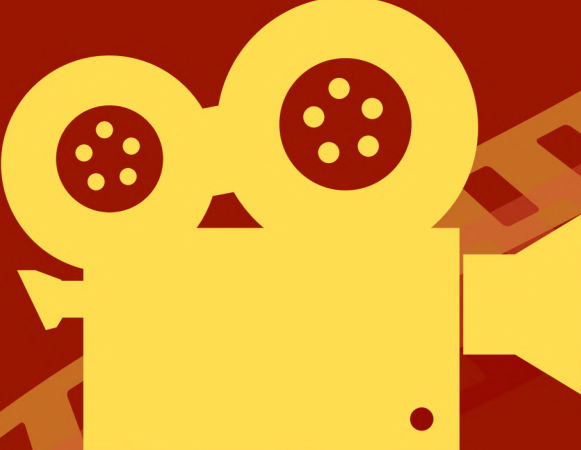

# Scavenger Hunt

The rain tapped against the doors that morning alongside reminders of typhoon that may come, made us wonder our Scavenger Hunt would be canceled. However, the rain couldn't stop us, even though the venue was limited only inside the hall.

Scavenger Hunt turned an ordinary evening into a whirlwind of sprinting, problem-solving, and endless searching as residents raced against the clock to conquer all nine checkpoints.
