

FAQ (Kowloon Tong Compound)

For other applicants (those not applying via Scoring system for Local Students or Hall-specific returning scheme)

Question 1 I was offered a bedplace outside the Hall Returning Scheme, e.g. One-off Special Offer, and I understand that this does not make me eligible for the returning quota. However, can I still apply for hall if I wish to stay in Student Residence in 2026/27?

Answer: Yes, if you wish to reside in the Student Residence for the 2026/27 residential year, you are strongly advised to submit your application by the specified deadline.

Your application will be considered only if vacancies remain after all eligible groups have been processed. There is NO guarantee a hall offer will be granted.

Question 2 Can I change the compound or withdrawal after I confirm the hall offer?

Answer: NO. Hence, you are advised to consider carefully before accepting the offer.

Question 3 When will the application result be announced?

Answer: The application result will be released on 12 May 2026.
