

Notification on Emergency Response Unit (ERU) (13)

Since the establishment of the ERU on the 13th of last month, we have provided appropriate support to many students and faculty members through the cooperation of departments. Recently, we have received enquiries from students, expressing concern about the overall safety in Hong Kong society and on campus, as well as the effect of any potential disruption to public transportation to and from campus. The ERU has been proactively following up on these matters.

The safety of our staff and students is always our top priority. We again urge our students to pay the utmost attention to their safety and that of others, remain vigilant at all times and stay away from areas with potential risks. If you encounter large crowds or demonstrations, please take care of your personal safety. At the same time, you should also pay attention to [news and traffic conditions](#) and plan your itinerary in advance.

Staff and students who are in need or who encounter special circumstances can contact the ERU through Professor Eric Chui, Dean of Students, and the Student Development Services team at enquiry.eru@cityu.edu.hk. The ERU will continue to communicate directly with staff and students, and refer enquiries to the corresponding departments for appropriate assistance. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.

Chairmen of the ERU,
Professor Horace Ip Ho-shing, Vice-President (Student Affairs)
Mr Sunny Lee Wai-kwong, Vice-President (Administration)
