

香港城市大學  
City University of Hong Kong

## *University Announcement*

### **CityU strongly condemns intrusion and vandalising of campus**

The University strongly condemns yesterday's attack (11 November) on the Cheng Yick-chi Building, the main administration building on the CityU campus. A large group of unidentified intruders vandalised the main entrance door and windows and later that night broke into the building and sabotaged the President's office. The University is very concerned about campus safety and has reported the illegal acts to the police.

The safety of our staff and students is always our top priority. The University endeavours to provide a safe environment in which the campus community can learn and work. We support peaceful, rational and non-violence discussions, but we will not tolerate any forms of violence or vulgar speech. We have also noted that reporters claiming to belong to some CityU student organisations entered the President's office with the masked intruders yesterday and filmed the illegal acts of sabotage. The reporters took no action to stop these acts. The University will investigate the matter and reserves the right to take action against any offenders.

Staff and students who are in need or who encounter special circumstances can contact the ERU through Professor Eric Chui, Dean of Students, and the Student Development Services team at [enquiry.eru@cityu.edu.hk](mailto:enquiry.eru@cityu.edu.hk). The ERU will continue to communicate directly with staff and students and refer enquiries to the corresponding departments for appropriate assistance. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.
