University Announcement

Notification on Emergency Response Unit (ERU) (52)

As a large number of rehabilitation projects in various parts of the CityU campus are still in progress, the campus is full of hazards and is not safe. After comprehensively assessing campus safety, the University announces some special arrangements to be made from next Monday to Sunday (from 25 November to 1 December):

- Staff shall return to the campus to work as normal. Flexibility will be given to those who are unable to arrive punctually due to traffic conditions;
- The University will continue to implement access control at all entry points of the campus. CityU staff and authorised persons are allowed to enter the campus upon production of CityU or other relevant identity cards;
- Students who have urgent needs to return to the campus must register with their respective College/School or department in advance. After getting the approval from the Head of College/School or department, they have to notify the Facilities Management Office for further arrangements;

Other services and facilities:

- The Young Chung Yee Health Centre (Medical Clinic and Dental Clinic) will resume services*;
- the canteen located in Li Dak Sum Yip Yio Chin Academic Building (AC2) will operate from 11:00am to 7:00pm;
- Services including the University Library, Computing Services Centre, Indra and Harry Banga Gallery and sports facilities will continue to be suspended.

The University is grateful to all staff who remain steadfast in their duties and endeavour to maintain the operation of the University during this difficult time. We call upon all staff and students to join together to maintain campus safety.

Staff and students who are in need or who encounter special circumstances can contact the ERU through Professor Eric Chui, Dean of Students, and the Student Development Services team at enquiry.eru@cityu.edu.hk. The ERU will continue to communicate directly with staff and students and refer enquiries to the corresponding departments for appropriate assistance. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.

Emergency Response Unit
22 November 2019

* Remarks: The operation of the Health Centre is subject to the approval of its management team. The University makes the announcement on its behalf.
