

Notification on Emergency Response Unit (ERU) (35)

The University learnt from various sources, including print media and contacts with different student bodies that, one of our students was injured and another was arrested last night during the protest. The University has been trying to reach the students concerned, with the aim of understanding their present circumstances, well-being, and needs.

In connection to the above, the University advises students to approach the Dean of Students for necessary help and assistance. We, including College/School Deans or Heads of Department, will work together to provide timely responses.

Staff and students who are in need or who encounter special circumstances can contact the ERU through Professor Eric Chui, Dean of Students, and the Student Development Services team at enquiry.eru@cityu.edu.hk. The ERU will continue to communicate directly with staff and students and refer enquiries to the corresponding departments for appropriate assistance. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.
